NARRATIVE QUESTIONS

1. **Please explain any significant change in the number of applications received during the reporting period.**

   No significant changes

2. **The average length of time to process an application for claim eligibility for compensation**

   Count days from time of receipt of application to decision. 12

   Please explain your state's procedure for processing an application for claim eligibility, from time of receipt of application to decision. Upon receipt of the application, we contact the victim/claimant to acknowledge receipt, obtain any additional information we may need, determine safest way to send correspondence, and explain next steps. We then request the relevant police reports, and victim's State criminal record. Once we receive, the claim is submitted for a decision. Once the decision is made, we send a letter with the decision, and next steps via regular and certified mail, or email if this is the preferred contact method.

3. **Does your state have a victim satisfaction survey?**

   No

4. **Please describe any emerging/major issues or notable trends that were encountered in your state that had an impact on your program's ability to meet the needs of crime victims during the reporting period.**

   None

5. **Please describe in detail efforts taken to serve Victims of Federal Crime during the reporting period.**

   We partner with the victim specialists in the FBI and US Attorneys local offices and attend regular meetings with them.

6. **Please describe any notable activities during the reporting period that improved the process of victim compensation services.**

   No new activities

7. **Please describe in detail ways in which your state used VOCA Administrative funds and the impact of these funds on the state's ability to improve victim compensation services during the reporting period.**

   We use VOCA Administrative fund to cover a portion of staff salaries which allows us to be more sustainable.

8. **Were there any laws, initiatives, or policy changes in your state regarding victim compensation during the reporting period? If yes, please briefly describe them and their impact.**

   No new policy changes

9. **Please describe system-coordination efforts with prosecutors, law enforcement, courts, U.S. attorneys' offices, tribal systems, State VOCA Victim Assistance Coordinator, or other key personnel within the criminal justice system in your state to reduce barriers to victims who may apply to receive victim compensation.**

   We have strong partnerships in the private sector with many victim service agencies, as well as most police departments within the state, and the attorney general's office. We are in constant communication with them and both attend and host training sessions to learn more about what they do, and so they can learn more about our program to help them feel more empowered with their victims to navigate the process. We also take on most of the burden of document gathering ourselves to make the process as seamless as possible for victims

10. **Please explain any public outreach efforts to improve awareness of your program.**

    We created a new video for public distribution with help of a State Police Detective who had a great experience with referring a victim's family to our program. We continue to provide training and outreach to many private sector partners and police departments throughout the state.

11. **Please list any other outcome measure(s) that are reported to the governor, legislature, or other state entity that have not been reported in this submission. Provide the actual measure(s). The data may be reported separately in your progress report.**

    We provide an annual report to our legislature but it contains the same information reported in this report.

12. **Please provide any additional comments that are helpful to improving the Victim Compensation state and/or federal program.**
