Victim Assistance Professional Development Fellowship Program—Vision 21 Fellowships (CFDA #16.583)

Overview

The mission of the Office for Victims of Crime (OVC) is to enhance the Nation's capacity to assist crime victims and to provide leadership in changing attitudes, policies, and practices to promote justice and healing for crime victims. OVC fulfills its mission, in part, through improving the skills, knowledge, and abilities of crime victim service providers and allied professionals who provide services and support for victims, or help to ensure that victims are aware of their rights and are able to exercise those rights. The individuals awarded funding under this solicitation will undertake activities on issues emanating from OVC's strategic planning initiative, Vision 21: Transforming Victim Services. The cooperative agreements for the Fiscal Year (FY) 2013 Vision 21 Fellowships are awarded under 42 U.S.C. §§10603 (c)(1)(A) and (c)(3)(E), which authorizes funding for training, technical assistance, demonstration projects, and fellowships.

Deadlines: Registration and Application

Applicants must register with Grants.gov in order to submit an application. OJP encourages applicants to **register several weeks before** the application submission deadline. In addition, OJP urges applicants to submit applications 72 hours prior to the application due date. The deadline to apply for funding under this announcement is 11:59 p.m. eastern time on June 10, 2013. See "How To Apply" on page 18 for details.

Eligibility

Refer to the title page for eligibility under this program.

NOTE: Any applicant for the Legal Assistance Fellowship must be an attorney. Applications from people who are not attorneys will be considered nonresponsive and will not be forwarded for peer review. Favorable consideration will be given to those attorney applicants who have a few years of experience working on related legal or policy issues, including (but not limited to) services to low-income individuals or pro bono legal assistance, working on crime victim legal issues, or victims' legal rights.

Project-Specific Information

Background and Purpose

OVC is committed to enhancing the Nation's capacity to assist crime victims and to provide leadership in changing attitudes, policies, and practices to promote justice and healing for all victims of crime. OVC is also responsible for implementing several pieces of federal legislation that are intended to advance victims' rights and services, as well as improve the skills, knowledge, and abilities of crime victim advocates, service providers, and allied professionals who are responsible for intervening on behalf of victims and witnesses.

In addition, OVC is dedicated to helping organizations promote awareness of crime victims' rights and issues and to providing appropriate and sensitive services to victims. Unfortunately, gaps occur in services for crime victims, in the promotion of awareness of crime victims' rights and services, and in other areas where there is potential to help victims of crime. Sometimes these gaps develop because practitioners who serve victims may lack the training to appreciate the full impact of crime on victims or these providers may lack understanding of crime victims' rights. Sometimes these gaps occur when policy decisions are based on outdated data. As a result, the victim services field needs continuing education about the impact of crime on underserved victims and how to increase support for these victims.

OVC has statutory authority under 42 U.S.C. §10603(c)(3)(E) to fund fellowships that further its mission. The Vision 21 fellows will specifically support OVC's mission in the wake of the Vision 21: Transforming Victim Services Initiative. Vision 21 was an OVC initiative designed to expand the vision and impact of the crime victim services field. The 2-year strategic planning initiative culminated in a framework for strategic, transformative change, addressing ways to overcome the obstacles the field faces. This competitive solicitation will fund the Vision 21 Fellowships, specifically the Legal Assistance Fellowship and the Strategic Engagement Fellowship. The Legal Assistance Fellowship will be critical in assisting OVC with any implementation efforts related to support of comprehensive, holistic legal assistance for victims of crime. The Strategic Engagement Fellowship will support OVC's efforts across the framework created by Vision 21 to ensure the field has a deeper understanding and awareness of the key issues and a strategic path for engagement.

These fellowships will be funded for 1 year, with the possibility of continuation for an additional 3 years, contingent on funding availability and grantee performance.

Program Strategy

OVC will support fellowships in the area of legal assistance to crime victims and strategic engagement of the field. The specific fellowship topic area (Legal Assistance Fellowship or Strategic Engagement Fellowship) should be listed in box number 11 of the Application for Federal Assistance (form SF-424), in the project abstract, and in the project narrative. Applicants are advised that the overarching goal of this fellowship is to assist OVC in meeting the larger field's need for evidence-based training, technical assistance, and other resources to support the expansion and effectiveness of services to underserved crime victims. Enhancing the professional development of successful applicants is an important objective of the fellowship program, but activities and deliverables must conform to the solicitation parameters. Applicants who propose more narrowly focused fellowships that focus on their specific interests or a specific type of financial victimization or victim demographic will not be considered responsive to the solicitation and will not be forwarded for peer review. **Additionally, please note that fellowship awards are not intended to support research or other academic work being pursued by an individual.**

Fellowship recipients will work onsite at OVC in Washington, D.C. The fellowship award recipients will work 80 hours per each 2-week pay period for the duration of the fellowship and will be allowed 15 days of annual leave and 13 days of sick leave during the 12-month period. The fellows will also be allowed paid time off for official federal holidays and other approved time off for federal employees. Fellow performance will be monitored by a victim justice program specialist within the assigned division, with ultimate oversight by the OVC Deputy Director. Workspace and equipment, including telephone, computer, office supplies, and Internet access,

will be provided by OJP. Fellows must successfully complete an OJP security clearance before beginning the fellowship at OVC.

Goals, Objectives, and Deliverables

The overarching goal of the OVC Victim Assistance Professional Development Fellowship Program is to enhance the efforts of OVC to facilitate the understanding of, development, or enhancement of innovative programs, models, practices, and protocols that serve crime victims. A secondary goal is to foster the professional development of practitioners in the victim assistance field by providing them an opportunity to work closely with career and political federal staff, contractors, grantees, and a myriad of public and private organizations in Washington, D.C., and throughout the Nation. The fellow will support OVC staff through the provision of direct operational assistance to crime victim service organizations and agencies; the design and development of innovative initiatives and training programs; and assessment and capacity building efforts. The fellow also will be responsible for developing articles and speeches on specific topics covered in the fellowship category area. The activities and deliverables for this fellowship are outlined below.

Legal Assistance Fellowship

Under the Legal Assistance Fellowship, an individual will be selected to work on a wide range of issues and efforts being undertaken by OVC to build capacity for the provision of free legal assistance to victims of crime following their victimization. The individual selected for the Legal Assistance Fellowship will support OVC's work to develop evidence-based training, technical assistance, and models for programs and practices that build organizational and service provider capacity in this area.

During the fellowship period, the fellow will—

- Assist in the assessment of the technical assistance, training, and capacity-building needs of victim service providers and allied practitioners.
- Support efforts to design and administer OVC-funded training and technical assistance initiatives and demonstration projects, including the Legal Assistance for Crime Victims Capacity-Building Initiative and the Wraparound Victim Legal Assistance Network Demonstration Project.
- Support other efforts of OVC grantees or subgrantees working on developing and/or expanding legal services to victims of crime.
- Support initiatives emanating from Vision 21, in particular any initiatives that relate to enhancing legal assistance to victims of crime.
- Contribute to the development of a quarterly electronic newsletter for OVC discretionary grantees.
- Provide input in the ongoing development of the VOCA compensation regulations.
- Provide input related to requests for legislative review.
- Develop reports, speeches, and articles to support OVC's training, technical assistance, and capacity-building initiatives to expand evidence-based resources for the crime victims field.
- Assist in the collection and analysis of performance measures and other programmatic information provided by OVC grantees or subgrantees that develop training, technical assistance, and other resources that enhance crime victims' access to rights and services.

- Participate in internal and external stakeholder meetings, forums, and conferences for the purpose of providing information on OJP/OVC efforts to build capacity for providing legal assistance to victims.
- Participate in professional development and training activities.

Strategic Engagement Fellowship

Under the Strategic Engagement Fellowship, the individual selected will support OVC's work to develop and implement an outreach plan that is strategic and uniquely tailored to address the Vision 21: Transforming Victim Services framework. Efforts will involve developing and assisting in the implementation of communication strategies to reach victims, service providers, and allied professionals across a variety of communication channels; and proposing innovative solutions for better leveraging of OVC's Training and Technical Assistance Center and OVC's Resource Center communication support capabilities.

During the fellowship period, the fellow will—

- Develop targeted stakeholder groups where transformative change is most likely to occur.
- Identify thought leaders who are already placing content on Web sites and developing journal articles, listservs, Tweets, and other outreach avenues to ensure wide readership and understanding of the issues.
- Assist OVC's communication specialist in further engaging the victim services field (via social media) in regular dialogue that promotes the use of the current recommendations found in Vision 21.
- Showcase efforts of OVC grantees or subgrantees working on developing and/or expanding services based upon the Vision 21 framework.
- Contribute to the development of a quarterly electronic newsletter for OVC discretionary grantees.
- Develop reports, speeches, and articles to promote Vision 21 initiatives and expand the crime victims field's understanding of the issues.
- Participate in internal and external stakeholder meetings, forums, and conferences for the purpose of providing information on OJP/OVC efforts to promote Vision 21.
- Participate in professional development and training activities.

The fellows will work under the direction and guidance of, and in close consultation with, OVC staff and management in executing the above activities. OVC seeks a fellow who possesses the knowledge, skills, and experience to make recommendations to OVC on activities and efforts that could be undertaken in this subject area addressed by the fellowship. While the fellowship project will involve the close guidance of OVC management and staff, applicants should propose a general course of action to guide the fellowship project.

Deliverables during the fellowship period will include the following:

- Reports, articles, speeches, and other materials and resources related to training, technical assistance, and capacity-building needs of the crime victims field in the area of the particular fellowship, and the OJP/OVC initiatives that address these needs.
- Quarterly financial and semi-annual progress reports.
- Reports on all site visits/trips made in connection with executing the fellowship project.
- Final report to OJP/OVC on the fellowship project, including accomplishments, challenges, and recommendations for improving the fellowship program.

Evidence-Based Programs or Practices

OJP places a strong emphasis on the use of data and evidence in policymaking and programming in criminal justice. OJP is committed to the following:

- Improving the quantity and quality of evidence OJP generates.
- Integrating evidence into program, practice, and policy decisions within OJP and the field.
- Improving the translation of evidence into practice.

OJP considers programs and practices to be evidence-based when their effectiveness has been demonstrated by causal evidence, generally obtained through one or more outcome evaluations. Causal evidence documents a relationship between an activity or intervention (including technology) and its intended outcome, including measuring the direction and size of a change, and the extent to which a change may be attributed to the activity or intervention. Causal evidence depends on the use of scientific methods to rule out, to the extent possible, alternative explanations for the documented change. The strength of causal evidence, based on the factors described above, will influence the degree to which OJP considers a program or practice to be evidence-based. OJP's CrimeSolutions.gov Web site is one resource that applicants may use to find information about evidence-based programs in criminal justice, juvenile justice, and crime victim services.

Amount and Length of Awards

All awards are subject to the availability of appropriated funds and any modifications or additional requirements that may be imposed by law.

Award Period: The award period is 12 months. These two fellowships are designed to span 4 years, with OVC awarding continuation funding for 3 additional years contingent upon grantee performance and funding availability.

Award Amount: Up to \$135,000 is available for each fellowship, with no more than \$95,000 to be allocated for salary. Salary will depend on experience and salary history.

Budget Information

Limitation on Use of Award Funds for Employee Compensation; Waiver

With respect to any award of more than \$250,000 made under this solicitation, recipients may not use federal funds to pay total cash compensation (salary plus cash bonuses) to any employee of the award recipient at a rate that exceeds 110% of the maximum annual salary payable to a member of the Federal Government's Senior Executive Service (SES) at an agency with a Certified SES Performance Appraisal System for that year. The 2013 salary table for SES employees is available at www.opm.gov/policy-data-oversight/pay-leave/salaries-wages/. Note: A recipient may compensate an employee at a greater rate, provided the amount in excess of this compensation limitation is paid with non-federal funds. (Any such additional compensation will not be considered matching funds where match requirements apply.)

The Assistant Attorney General (AAG) for OJP may exercise discretion to waive, on an individual basis, the limitation on compensation rates allowable under an award. An applicant requesting a waiver should include a detailed justification in the budget narrative of the application. Unless the applicant submits a waiver request and justification with the application, the applicant should anticipate that OJP will request the applicant to adjust and resubmit the budget.

The justification should include the particular qualifications and expertise of the individual, the uniqueness of the service the individual will provide, the individual's specific knowledge of the program or project being undertaken with award funds, and a statement explaining that the individual's salary is commensurate with the regular and customary rate for an individual with his/her qualifications and expertise and for the work to be done.

Minimization of Conference Costs

OJP encourages applicants to review the OJP guidance on conference approval, planning, and reporting that is available on the OJP Web site at www.ojp.gov/funding/confcost.htm. This guidance sets out the current OJP policy, which requires all funding recipients that propose to hold or sponsor conferences (including meetings, trainings, and other similar events) to minimize costs, requires OJP review and prior written approval of most conference costs for cooperative agreement recipients (and certain costs for grant recipients), and generally prohibits the use of OJP funding to provide food and beverages at conferences. The guidance also sets upper limits on many conference costs, including facility space, audio/visual services, logistical planning services, programmatic planning services, and food and beverages (in the rare cases where food and beverage costs are permitted at all).

Prior review and approval of conference costs can take time (see the guidance for specific deadlines), and applicants should take this into account when submitting proposals. Applicants also should understand that conference cost limits may change and that they should check the guidance for updates before incurring such costs.

Note on food and beverages: OJP may make exceptions to the general prohibition on using OJP funding for food and beverages, but will do so only in rare cases where food and beverages are not otherwise available (e.g., in extremely remote areas); the size of the event and capacity of nearby food and beverage vendors would make it impractical to not provide food and beverages; or a special presentation at a conference requires a plenary address where conference participants have no other time to obtain food and beverages. Any such exception requires OJP's prior written approval. The restriction on food and beverages does not apply to water provided at no cost, but does apply to any and all other refreshments, regardless of the size or nature of the meeting. Additionally, this restriction does not affect direct payment of per diem amounts to individuals in a travel status under your organization's travel policy.

Costs Associated With Language Assistance (if applicable)

If an applicant proposes a program or activity that would deliver services or benefits to individuals, the costs of taking reasonable steps to provide meaningful access to those services or benefits for individuals with limited English proficiency may be allowable. Reasonable steps to provide meaningful access to services or benefits may include interpretation or translation services where appropriate.

For additional information, see the "Civil Rights Compliance" section of the OJP "Other Requirements for OJP Applications" Web page at www.ojp.usdoj.gov/funding/other_requirements.htm.

Match Requirement

This solicitation does not require a match. However, if a successful application proposes a voluntary match amount and OJP approves the budget, the total match amount incorporated into the approved budget becomes mandatory and subject to audit.

Performance Measures

To assist the Department with fulfilling its responsibilities under the Government Performance and Results Act of 1993 (GPRA), Public Law 103-62, and the GPRA Modernization Act of 2010, Public Law 111-352, applicants that receive funding under this solicitation must provide data that measure the results of their work done under this solicitation. OJP will require any award recipient, post award, to provide the data requested in the “Data Grantee Provides” column so that OJP can calculate values for the “Performance Measures” column. Performance measures for this solicitation are as follows:

Objective	Performance Measure(s)	Data Grantee Provides
To enhance the efforts of OVC to facilitate the development or enhancement of innovative programs, initiatives, and resources that serve crime victims; and to foster the professional development of practitioners by working onsite within OVC.	Number materials developed <i>[Legal Assistance Fellowship]</i>	Number of materials developed, by type.
	Number of individuals engaged through social media efforts. <i>[Strategic Engagement Fellowship]</i>	Number of individuals engaged through social media efforts.
	Number of public awareness activities developed. <i>[Both fellowships]</i>	Number of public awareness activities developed, by type (e.g., speeches, articles, reports, Web-based products, public awareness and education initiatives developed or contributed to).
	Number of meetings attended. <i>[Both fellowships]</i>	Number of internal and external stakeholder meetings attended/participated in, including working groups, forums, conferences, and other training and technical assistance initiatives.
	Number of recommendations developed <i>[Both Fellowships]</i>	Number of recommendations developed and provided to OVC management on potential areas of expansion and improvement that enhance the OVC Fellowship Program.

OJP does not require applicants to submit performance measures data with their applications. Instead, applicants should discuss in their application their proposed methods for collecting data for performance measures. Refer to the section “What an Application Should Include” below for additional information.

Notice of Post-Award FFATA Reporting Requirement

Applicants should anticipate that OJP will require all recipients (other than individuals) of awards of \$25,000 or more under this solicitation, consistent with the Federal Funding Accountability and Transparency Act of 2006 (FFATA), to report award information on any first-tier subawards totaling \$25,000 or more; and, in certain cases, to report information on the names and total compensation of the five most highly compensated executives of the recipient and first-tier subrecipients. Each applicant entity must ensure that it has the necessary processes and systems in place to comply with the reporting requirements should it receive funding. Reports regarding subawards will be made through the FFATA Subaward Reporting System (FSRS), found at www.fsrs.gov.

Please note also that applicants should anticipate that no subaward of an award made under this solicitation may be made to a subrecipient (other than an individual) unless the potential subrecipient acquires and provides a Data Universal Numbering System number.

What an Application Should Include

Applicants should anticipate that if they fail to submit an application that contains all of the specified elements, it may negatively affect the review of their application; and, should a decision be made to make an award, it may result in the inclusion of special conditions that preclude the recipient from accessing or using award funds pending satisfaction of the conditions.

Moreover, applicants should anticipate that applications that are determined to be nonresponsive to the scope of the solicitation, or that do not include the application elements that the OVC has designated to be critical, will neither proceed to peer review nor receive further consideration. Under this solicitation, OVC has designated the following application elements as critical: Program Narrative, Budget Detail Worksheet, and Budget Narrative. Applicants may combine the Budget Narrative and the Budget Detail Worksheet in one document; however, if an applicant submits only one document, it must contain **both** narrative and detail information.

OJP strongly recommends that applicants use appropriately descriptive file names (e.g., “Program Narrative,” “Budget Detail Worksheet and Budget Narrative,” “Timelines,” “Memoranda of Understanding,” “Resumes”) for all attachments. Also, OJP recommends that applicants include resumes in a single file.

1. Information To Complete the Application for Federal Assistance (SF-424)

The SF-424 is a required standard form used as a cover sheet for submission of pre-applications, applications, and related information. Grants.gov and GMS take information from the applicant’s profile to populate the fields on this form. When selecting “type of applicant,” if the applicant is a for-profit entity, select “For-Profit Organization” or “Small Business” (as applicable).

2. **Project Abstract**

Applications should include a high-quality “Project Abstract” that summarizes the proposed project in 400 words or less. Project abstracts should be—

- written for a general public audience.
- submitted as a separate attachment with <Project Abstract> as part of its file name.
- single-spaced, using a standard 12-point font (Times New Roman) with 1-inch margins.

As a separate attachment, the project abstract will **not** count against the page limit for the program narrative.

The abstract should describe in one page the overall project goals and objectives, as well as final project deliverables. All project abstracts should follow the detailed template available at www.ojp.usdoj.gov/funding/Project_Abstract_Template.pdf.

Permission To Share Abstract and Contact Information with Private Funders

It is unlikely that OVC will be able to fund all promising applications under this solicitation, but it may have the opportunity to share information with private foundations regarding promising but unfunded applications. Applicants should indicate whether they give OVC permission to share their abstract and contact information for both the Authorized Representative and Point of Contact with potentially interested private foundations. Granting this permission will not affect OJP’s funding decisions, and if the application is not funded, it will not guarantee that information will be shared, nor will it guarantee funding from any other source.

Note: OJP may choose not to list a project that otherwise would have been included in a listing of promising but unfunded applications, should the abstract fail to meet the format and content requirements noted above and outlined in the project abstract template.

3. **Program Narrative**

The program narrative should not exceed 20 doubled-spaced pages in 12-point font with 1-inch margins, and must include six separate sections: Project Abstract, Problem Statement, Project Goals and Objectives, Project Design/Implementation Plan, Organizational Capability and Project Management, and Plans for Measuring Progress and Outcomes. Each section is described below. If the program narrative fails to comply with these length-related restrictions, noncompliance may be considered in peer review and in final award decisions.

- **Statement of the Problem:** The problem statement must provide strong rationale for the fellowship project and provide a clear statement of how funding will support the project’s value to the victims field by meeting a stated goal.
- **Project Goals and Objectives:** The applicant must specify the goals and objectives of this fellowship. The objectives should be measurable and relate directly to the issues described in the problem statement. The goals should state the overall purpose of what is to be accomplished. The objectives should describe the steps necessary to reach the goals or how the goals will be accomplished. The application should clearly describe how funding will support the overall success of the fellowship project.

- **Project Design and Implementation plan:** The project design and implementation plan must describe the fellowship strategy and discuss how the strategy will address the identified problems and support the goals and objectives. It must include a time-task plan that clearly identifies objectives, major activities, and deliverables. The time-task plan presented in chart or table form will not be included as part of the 12-page narrative limitation. The time-task plan also must provide for the submission of required quarterly financial status reports and semi-annual progress reports.
- **Capabilities and Competencies:** Applications must include a clear description of the applicant's academic and professional expertise in the subject matter areas of specialization of the fellowship, as well as the applicant's unique qualifications to fulfill the grant responsibilities. Applicants should demonstrate that they possess the flexibility, skills, and temperament to operate in a fast-moving environment on multiple activities, sometimes with very short turnaround time. Applicants should document their ability to work collegially and collaboratively as a member of a team or teams across divisions, offices, agencies, and practitioners in the field. The applicant must demonstrate sufficient subject matter and project management expertise and other necessary skills, such as technical writing and technological proficiency with specific software programs, to perform crucial functions of the specific fellowship. Resumes should be attached to the narrative to support this section and should include all employment and volunteer experience. Resumes should provide contact information for previous supervisors and indicate whether or not the supervisor can be contacted. All required attachments (see below) must be included to document experience and capability; optional attachments may be used to document specific skills that will assist in the successful completion of the fellowship project.

As noted above, only attorneys are eligible to apply for the Legal Assistance Fellowship. Favorable consideration will be given to those applicants who have a few years of experience working on related legal or policy issues, including (but not limited to) services to low-income individuals or pro bono legal assistance, working on crime victim legal issues, or victims' legal rights.

- **Plan for Collecting the Data Required for this Solicitation's Performance Measures:** Submission of performance measure data is not required for the application. Performance measures are included as an alert that successful applicants will be required to submit specific data to OVC as part of their reporting requirements. For the application, the applicant should indicate an understanding of these requirements and discuss how the applicant will gather the required data should the applicant receive funding.

4. Budget Detail Worksheet and Budget Narrative

a. Budget Detail Worksheet

A sample budget detail worksheet can be found at www.ojp.gov/funding/forms/budget_detail.pdf. If you submit a different format, you must include the budget categories as listed in the sample budget worksheet.

Please see the OJP Financial Guide for questions pertaining to budget including allowable and unallowable costs at www.ojp.usdoj.gov/financialguide/index.htm.

b. **Budget Narrative**

The budget narrative should thoroughly and clearly describe every category of expense listed in the budget detail worksheet. Proposed budgets are expected to be complete, reasonable and allowable, cost effective, and necessary for project activities. The narrative should be mathematically sound and correspond with the information and figures provided in the budget detail worksheet. The narrative should explain how all costs were estimated and calculated and how they are relevant to the completion of the proposed project. The narrative may include tables for clarification purposes but need not be in a spreadsheet format.

All expenses must be necessary for the completion of the fellowship and comport with the requirements of the OJP Financial Guide. Applications that exceed the \$135,000 limitation for this solicitation will be considered nonresponsive and will not be reviewed.

When completing both the Budget Detail Worksheet and Budget Narrative, applicants must consider the following:

- 1) The only expenses that are **allowable** under this solicitation include the following:
 - Personnel (salary) located in section A of the Budget Detail Worksheet. OVC will pay salaries ranging from \$40,000 to \$95,000, depending on education, experience, and salary history. No exceptions to the salary ceiling of \$95,000 will be granted. Benefits are not included as part of salary. If the application is selected for an award, applicants may be required to provide a copy of their last two federal tax returns (with SSN redacted) or other documentation of salary or consulting income history.
 - Fringe Benefits located in section B of the Budget Detail Worksheet may include life, health, and disability insurance; state workers' compensation; retirement plan; FICA (the employer match of 7.65 percent of salary only); and a public transportation stipend that does not exceed \$245.00 monthly, based on actual expenses. (This amount is based on the current maximum transit subsidy monthly benefit for federal employees and is subject to change.) Applicants must clearly identify which benefits they are requesting and the actual calculations. For example, if the individual is requesting health insurance, the applicant should indicate the amount paid monthly and multiply by 12 to get the annual expense.
 - Travel will involve site visits with other OVC or OJP staff, attendance at conferences and meetings (both local and outside of the Washington, D.C., area), and participation in training and professional development training. Applicants should budget for eight trips of \$1,500 each, totaling \$12,000, with the notation that date, location, and nature of travel will be determined in consultation with OVC management after the award is made. ***The applicant should include in the budget narrative a notation that travel costs such as per diem and lodging will not exceed the federal guidelines.*** Travel expenses should be listed in section C of the Budget Detail Worksheet.

- Supplies (located in section E of the Budget Detail Worksheet) may include expenses to cover professional reference materials and resources relating to the fellowship activities (not to exceed \$500) and business cards (not to exceed \$30).
 - Other Costs (section H of the Budget Detail Worksheet) may include costs of a cell phone or Blackberry to maintain communication with OVC staff. (Fellows may opt instead to use a DOJ-issued Blackberry at no cost, in which case personal cell phone costs may not be included in the budget.) Also allowable in the category are expenses associated with professional development and training relating to the OVC fellowship project. Fees for up to four trainings at up to \$1,000 each should be included. Note: Most training opportunities will be in the Washington, D.C., area; however, final decisions will be made in consultation with OVC management. Applicants should identify the type of training that they believe would be most helpful to them in carrying out fellowship activities.
- 2) Expenses that are **not allowable** under this solicitation are the following:
- Computers, laptops, and other equipment that will be supplied by OVC.
 - International travel
 - Indirect costs.

5. Additional Attachments

- a. Applicant disclosure of pending applications.
Applicants are to disclose whether they have pending applications for federally funded assistance that include requests for funding to support the same project being proposed under this solicitation and will cover the identical cost items outlined in the budget narrative and budget detail worksheet in the application under this solicitation. The disclosure should include both direct applications for federal funding (e.g., applications to federal agencies) and indirect applications for such funding (e.g., applications to state agencies that will be subawarding federal funds).

OJP seeks this information to help avoid any inappropriate duplication of funding. Leveraging multiple funding sources in a complementary manner to implement comprehensive programs or projects is encouraged and is not seen as inappropriate duplication.

Applicants that have pending applications as described above are to provide the following information about pending applications submitted within the last 12 months:

- The federal or state funding agency.
- The solicitation name/project name.
- The point of contact information at the applicable funding agency.

How To Apply

Applicants must submit applications through Grants.gov. Applicants must first register with Grants.gov, a “one-stop storefront” to find federal funding opportunities and apply for funding, in order to submit an application. Find complete instructions on how to register and submit an application at www.Grants.gov. Applicants that experience technical difficulties during this process should call the Grants.gov Customer Support Hotline at **800-518-4726** or **606-545-5035**, 24 hours a day, 7 days a week, except federal holidays. Registering with Grants.gov is a one-time process; however, **processing delays may occur, and it can take several weeks** for

first-time registrants to receive confirmation and a user password. OJP encourages applicants to **register several weeks before** the application submission deadline. In addition, OJP urges applicants to submit applications 72 hours prior to the application due date to allow time to receive validation messages or rejection notifications from Grants.gov, and to correct in a timely fashion any problems that may have caused a rejection notification.

Note: OVC encourages all prospective applicants to sign up for Grants.gov email notifications regarding this solicitation. If this solicitation is cancelled or modified, individuals who sign up with Grants.gov for e-mail updates will be notified.

All applicants are required to complete the following steps:

1. **Acquire a Data Universal Numbering System (DUNS) number.** In general, the Office of Management and Budget requires that all applicants (other than individuals) for federal funds include a DUNS number in their applications for a new award or a supplement to an existing award. A DUNS number is a unique nine-digit sequence recognized as the universal standard for identifying and differentiating entities receiving federal funds. The identifier is used to for tracking purposes and to validate address and point of contact information for federal assistance applicants, recipients, and subrecipients. The DUNS number will be used throughout the grant life cycle. Obtaining a DUNS number is a free, one-time activity. Call Dun and Bradstreet at 866-705-5711 to obtain a DUNS number or apply online at www.dnb.com. A DUNS number is usually received within 1-2 business days.
2. **Acquire registration with the System for Award Management (SAM). SAM replaces the Central Contractor Registration (CCR) database** as the repository for standard information about federal financial assistance applicants, recipients, and subrecipients. OJP requires all applicants (other than individuals) for federal financial assistance to maintain current registrations in the SAM database. Applicants must be registered in SAM to successfully register in Grants.gov. (Previously, organizations that had submitted applications via Grants.gov were registered with CCR, as it was a requirement for Grants.gov registration. SAM registration replaces CCR as a pre-requisite for Grants.gov registration.) Applicants must **update or renew their SAM registration annually** to maintain an active status.

Applicants that were previously registered in the CCR database must, at a minimum:

- Create a SAM account.
- Log in to SAM and migrate permissions to the SAM account (all the entity registrations and records have already been migrated).

Applicants that were not previously registered in the CCR database must register in SAM prior to registering in Grants.gov. Information about SAM registration procedures can be accessed at www.sam.gov.

3. **Acquire an Authorized Organization Representative (AOR) and a Grants.gov username and password.** Complete the AOR profile on Grants.gov and create a username and password. The applicant organization's DUNS number must be used to complete this step. For more information about the registration process, go to www.grants.gov/applicants/get_registered.jsp.

4. **Acquire confirmation for the AOR from the E-Business Point of Contact (E-Biz POC).** The E-Biz POC at the applicant organization must log into Grants.gov to confirm the applicant organization's AOR. Note that an organization can have more than one AOR.
5. **Search for the funding opportunity on Grants.gov.** Use the following identifying information when searching for the funding opportunity on Grants.gov. The Catalog of Federal Domestic Assistance (CFDA) number for this solicitation is 16.582, titled "Crime Victim Assistance/Discretionary Grants," and the funding opportunity number is OVC-2013-3613.
6. **Complete the Disclosure of Lobbying Activities.** All applicants must complete this information. Applicants that expend any funds for lobbying activities must provide the detailed information requested on the *Disclosure of Lobbying Activities* form (SF-LLL). Applicants that do not expend any funds for lobbying activities should enter "N/A" in the required highlighted fields.
7. **Submit an application consistent with this solicitation by following the directions in Grants.gov.** Within 24–48 hours after submitting the electronic application, the applicant should receive an e-mail validation message from Grants.gov. The message will state whether OJP has received and validated the application, or rejected it, with an explanation. **Important:** OJP urges applicants to submit applications **well in advance** of the application due date to allow time to receive validation messages or rejection notifications from Grants.gov, and to correct in a timely fashion any problems that may have caused a rejection notification.

Note: Grants.gov only permits the use of specific characters in names of attachment files. Valid file names may only include the following characters: A-Z, a-z, 0-9, underscore (_), hyphen (-), space, and period. Grants.gov will forward the application to GMS. GMS does not accept executable file types as application attachments. These disallowed file types include, but are not limited to, the following extensions: ".com," ".bat," ".exe," ".vbs," ".cfg," ".dat," ".db," ".dbf," ".dll," ".ini," ".log," ".ora," ".sys," and ".zip."

Note: Duplicate Applications

If an applicant submits multiple versions of an application, OVC will review the most recent version submitted.

Experiencing Unforeseen Grants.gov Technical Issues

Applicants that experience unforeseen Grants.gov technical issues beyond their control that prevent them from submitting their application by the deadline must e-mail the OVC contact identified in the Contact Information section on the solicitation cover page **within 24 hours after the application deadline** and request approval to submit their application. The e-mail must describe the technical difficulties and include a timeline of the applicant's submission efforts, the complete grant application, the applicant's DUNS number, and any Grants.gov Help Desk or SAM tracking number(s). **Note: OVC does not automatically approve requests.** After the program office reviews the submission and contacts the Grants.gov or SAM Help Desks to validate the reported technical issues, OJP will inform the applicant whether the request to submit a late application has been approved or denied. If the technical issues reported cannot be validated, OJP will reject the application as untimely.

The following conditions are not valid reasons to permit late submissions: failure to register in sufficient time, failure to follow Grants.gov instructions on how to register and apply as posted on its Web site, failure to follow each instruction in the OJP solicitation, and technical issues with the applicant's computer or information technology environment, including firewalls.

Notifications regarding known technical problems with Grants.gov, if any, are posted at the top of the OJP funding Web page at www.ojp.usdoj.gov/funding/solicitations.htm.
