The U.S. Department of Justice (DOJ), Office of Justice Programs (OJP), Office for Victims of Crime (OVC) is seeking applications to increase the quantity and quality of services available to victims of human trafficking through innovative, field-generated programs that are victim-centered. This program furthers the Department’s mission by enhancing the victim services field’s response to victims of human trafficking.

OVCFiscal Year 2019 Field-Generated Innovations in Assistance to Victims of Human Trafficking
Applications Due: June 27, 2019

Eligibility

Eligible applicants are states, units of local government, federally recognized Indian tribal governments (as determined by the Secretary of the Interior), and nonprofit, nongovernmental organizations (defined as an organization that is described in section 501(c)(3) of Title 26 and is exempt from taxation under 501(a) of such title). For the purposes of this program, a unit of local government is any city, county, township, town, borough, parish, village, or other general-purpose political subdivision of a state, territory, or federally recognized Indian tribal government.

All recipients and subrecipients must forgo any profit or management fee.

OVC welcomes applications under which two or more entities would carry out the federal award; however, only one entity may be the applicant. Any others must be proposed as subrecipients (subgrantees). The applicant must be the entity that would have primary responsibility for carrying out the award, including administering the funding and managing the entire program.

OVC may elect to make awards for applications submitted under this fiscal year 2019 solicitation in future fiscal years, dependent on, among other considerations, the merit of the applications and on the availability of appropriations.

Nonprofit organizations that hold money in offshore accounts for the purpose of avoiding paying the tax described in 26 U.S.C. § 511(a) are not eligible to apply.

1 For additional information on subawards, see "Budget and Associated Documentation" under Section D. Application and Submission Information.
Deadline

Applicants must register with Grants.gov at https://www.grants.gov/web/grants/register.html prior to submitting an application. All applications are due by 11:59 p.m. eastern time on June 27, 2019.

To be considered timely, an application must be submitted by the application deadline using Grants.gov, and the applicant must have received a validation message from Grants.gov that indicates successful and timely submission. OJP urges applicants to submit applications at least 72 hours prior to the application due date, to allow time for the applicant to receive validation messages or rejection notifications from Grants.gov, and to correct in a timely fashion any problems that may have caused a rejection notification.

OJP encourages all applicants to read this Important Notice: Applying for Grants in Grants.gov.

For additional information, see How to Apply in Section D. Application and Submission Information.

Contact Information

For technical assistance with submitting an application, contact the Grants.gov Customer Support Hotline at 800–518–4726, 606–545–5035, at https://grants.gov/web/grants/support.html, or at support@grants.gov. The Grants.gov Support Hotline operates 24 hours a day, 7 days a week, except on federal holidays.

An applicant that experiences unforeseen Grants.gov technical issues beyond its control that prevent it from submitting its application by the deadline must email the OVC contact identified below within 24 hours after the application deadline to request approval to submit its application after the deadline. Additional information on reporting technical issues appears under “Experiencing Unforeseen Grants.gov Technical Issues” in the How To Apply section.

For assistance with any other requirements of this solicitation, contact the National Criminal Justice Reference Service (NCJRS) Response Center toll free at 800–851–3420; via TTY at 301–240–6310 (hearing impaired only); email to grants@ncjrs.gov; fax to 301–240–5830; or web chat at https://webcontact.ncjrs.gov/ncjchat/chat.jsp. The NCJRS Response Center operates from 10:00 a.m.–6:00 p.m. eastern time, Monday through Friday, and from 10:00 a.m.–8:00 p.m. eastern time on the solicitation closing date.

Pre-Application Webinar

OVC will conduct one pre-application webinar on May 9, 2019, from 3:00–4:00 p.m., eastern time. Participation in the webinar is optional. OVC staff will review the solicitation requirements and conduct a question-and-answer session with interested potential applicants. You may register for the webinar at: https://www.ovc.gov/grants/webinars.html.

Grants.gov number assigned to this solicitation: OVC-2019-15655

A. Program Description

Overview
The U.S. Department of Justice’s Office for Victims of Crime (OVC) funds the largest portfolio of anti-human trafficking programs in the United States. To meet the needs of a rapidly evolving anti-trafficking field, and to best serve victims of human trafficking, OVC is seeking innovative ideas to enhance identification of and services for victims. Proposed projects should develop or enhance promising practices, models, and victim-centered programs, or apply them in innovative ways, to build the capacity of victim service providers to close gaps in assisting all victims of sex and labor trafficking in the United States.

Statutory Authority: The statutory authority for this program is 22 U.S.C. § 7105(b)(2).

Program-Specific Information
The Trafficking Victims Protection Act of 2000 (TVPA), which has been reauthorized several times, was enacted to address the problem of human trafficking. The TVPA seeks to combat “severe forms” of human trafficking by punishing traffickers, protecting victims, and mobilizing U.S. government agencies to wage a global anti-trafficking campaign.

Pursuant to TVPA and its subsequent authorizations, OVC seeks to ensure that all trafficking survivors receive the services they need to heal in the aftermath of victimization. Human trafficking occurs within many different settings, and the victims of these crimes are diverse. Victims can be foreign nationals and U.S. citizens.

Under this program, a victim of trafficking is defined as a person who has been subjected to “severe forms of trafficking in persons,” which, as defined in 22 U.S.C. § 7102(9), means:

i. sex trafficking in which a commercial sex act is induced by force, fraud, or coercion, or in which the person induced to perform such act has not attained 18 years of age; or
ii. the recruitment, harboring, transportation, provision, or obtaining of a person for labor or services, through the use of force, fraud, or coercion for the purpose of subjection to involuntary servitude, peonage, debt bondage, or slavery.

Since the TVPA was enacted in 2000, the development of services designed to meet the needs of human trafficking victims has continued to evolve. Although there is extensive literature on the effectiveness of trauma-informed and trauma-specific services for victims of interpersonal violence, abuse, and other adverse experiences, there is little literature on the effectiveness of these services specifically for human trafficking victims.

Further, while many victim service programs prioritize their limited resources for crisis stabilization and meeting the immediate needs of victims, there is a growing awareness in the anti-trafficking field of the importance of services that are victim-centered and that address long-
term needs, to support and empower victims throughout their recovery, over time.² (Note: See Treating the Hidden Wounds: Trauma Treatment and Mental Health Recovery for Victims of Human Trafficking.) A victim-centered and trauma-informed approach will help victims of human trafficking have the opportunity to make informed decisions about the support they need to work through the impact of the crime, address the issues that may have shaped the trafficking situation, and work toward identifying and achieving their personal goals. Service providers should inform victims about their options and help them work with local, state, tribal, and federal law enforcement in the prosecution of the trafficker(s).

The 2017 Annual Report of the United States Advisory Council on Human Trafficking noted that it is important that “comprehensive services be available for all survivors of human trafficking” (www.state.gov/j/tip/276836.htm). OVC’s priority is to serve all victims of human trafficking and provide them with an array of services to meet their individualized needs. This solicitation is an opportunity to respond to specific needs that have been identified by the field to fill critical gaps in service and/or system response.

Applicants must describe how their proposed project extends beyond existing programming and is innovative in addressing gaps in the current victim identification and/or assistance response to human trafficking. Applicants must also include and describe their plan for human trafficking survivor involvement in the proposed project. Proposed projects may adopt a local, statewide, or national scope, but applicants should specify the geographic area(s) where the project will be implemented.

All applications must include a plan for assessing the effectiveness of the project. The proposal and budget must clearly reflect this allocation. Funds allocated for evaluation may also be used to support activities related to data collection for OVC-required performance measures.

All services supported with funding under this solicitation should be trauma-informed and linguistically and developmentally appropriate. Federal laws prohibit recipients of OJP funding from discriminating in the delivery of services on the basis of age, race, color, national origin, sex, religion, or disability. Recipients are also obligated under federal civil rights laws to provide meaningful access to their programs and activities for persons with limited English proficiency. An OVC-funded organization may, however, refer victims not appropriate for age-specific services offered by the grantee to other available services without violating this prohibition on discrimination.

Activities that Compromise Victim Safety and Recovery
The following activities have been found to jeopardize victim safety or deter or prevent physical or emotional healing for victims. OVC will not fund projects that include these activities.

1. The development and implementation of policies or procedures that exclude victims from receiving safe shelter, advocacy services, counseling, and other assistance based on factors not related to victim safety;
2. The development and implementation of policies or procedures that compromise the confidentiality of information and privacy of persons receiving OVC-funded services;

3. The development and implementation of policies or procedures that impose requirements on victims in order to receive services (e.g., receive counseling, seek civil or criminal remedies).

4. The development and implementation of policies or procedures that fail to conduct safety planning with victims.

5. The implementation of project designs and budgets that fail to account for the accessibility needs of individuals with disabilities and individuals who have limited English proficiency or are deaf or hard of hearing.

6. The establishment or enhancement of a multidisciplinary collaborative community response lacking the appropriate policies and procedures regarding victim confidentiality and information-sharing for partnering members.

Applications that propose activities that compromise victim safety and recovery may receive a deduction in points during the review process or may be eliminated from further consideration entirely. If funded, grantees may be required to modify their application project narrative and/or budget during the review process to remove any activities that are deemed to compromise victim safety.

Coordinating with Law Enforcement
OVC strongly encourages all grantees to assist clients in complying with reasonable requests from local, state, federal, or tribal government agencies with the authority to investigate or prosecute trafficking acts. OVC is committed to the elimination of all forms of trafficking in persons, which requires the prosecution of traffickers as a key part of a multifaceted strategy. Victim-centered investigations and prosecutions of traffickers reduce harm and increase safety for our communities, while supporting the healing of victims.

Encouraging Program Investments in Economically Distressed Communities (Qualified Opportunity Zones)
Under this program, OJP will, as appropriate, give priority consideration in award decisions to applications that propose projects that directly benefit federally designated Qualified Opportunity Zones (QOZ). In order to assist OJP in considering this factor, applicants should include information in the application that specifies how the project will enhance public safety in the specified QOZs; for example, reduce the occurrence of human trafficking and/or serve trafficking victims. For resources on QOZs, and for a current list of designated QOZs, see the U.S. Department of the Treasury’s resource webpage, accessible at https://www.cdfifund.gov/pages/opportunity-zones.aspx.

Goals, Objectives, and Deliverables
The overarching goal of this program is to improve and support the victim services field’s response to victims of human trafficking, and to bridge gaps in assisting victims of human trafficking. OVC seeks to address four areas, which may intersect, depending on the applicant’s proposed activities and project strategy. These are—

1. improving the quality and quantity of victim-centered and trauma-informed services for victims of human trafficking;
2. establishing creative collaborations or coalition building;
3. developing service models or best practices designed to identify and/or serve victims of human trafficking; and

---

3 See Public Law 115-97, Title I, Subtitle C, Part IX, Subpart B, Sec. 13823.
4. expanding or enhancing existing service models or best practices to identify and/or serve victims of human trafficking.

Proposed projects should fill gaps in existing victim identification approaches and services. Applicants should ensure that the proposed project does not duplicate existing services currently funded by OVC, the Department of Health and Human Services (HHS), the Office on Violence Against Women (OVW), or another federal office or agency.

If there is currently a federally funded trafficking victim services grantee within the same jurisdiction as the applicant’s proposed service area, applicants must (1) document how the new proposal either supports different services than those already funded, or provide strong justification why additional funding is needed to fill existing gaps in services; and (2) describe how these services will be coordinated within the geographic area. A list of OVC-funded trafficking victim services grantees and the geographic regions they serve are listed on the OVC website at http://ojp.gov/ovc/grants/traffickingmatrix.html, and a list of some HHS-funded grantees is available at https://www.acf.hhs.gov/otip/grants.

Applicants must also include information about any other open award of federal and state funds (including programs supported by Victims of Crime Act (VOCA) state victim assistance funds) that are being or will be used, in whole or in part, for one or more of the identical cost items outlined within this application. Applicants with current OVC funding for services for victims of human trafficking must demonstrate how the new proposal fills gaps in services not previously addressed by the existing OVC grant.

The Goals, Objectives, and Deliverables are directly related to the performance measures that demonstrate the results of the work completed, as discussed in Section D. Application and Submission Information, under Program Narrative.

**Lobbying, Promoting, or Advocating the Legalization/Regulation of Prostitution**

The Federal Government is opposed to prostitution and related activities, which are inherently harmful and dehumanizing and contribute to the phenomenon of trafficking in persons. U.S. nongovernmental organizations and their subgrantees cannot use U.S. government funds to lobby for, promote, or advocate the legalization or regulation of prostitution as a legitimate form of work. Foreign nongovernmental organizations and their subgrantees that receive U.S. government funds to fight trafficking in persons cannot lobby for, promote, or advocate the legalization or regulation of prostitution as a legitimate form of work. It is the responsibility of the primary grantee to ensure these criteria are met by its subgrantees.

**Evidence-Based Programs or Practices**

OJP strongly emphasizes the use of data and evidence in policy making and program development in criminal justice, juvenile justice, and crime victim services. OJP is committed to:

- improving the quantity and quality of evidence OJP generates;

---

4 For example, the HHS Trafficking Victim Assistance Program (TVAP) is designed to fund case management services on a per capita basis for foreign national victims and potential victims seeking HHS certification. It is a valuable resource in communities where there are funding gaps due to the lack of federally funded victim service providers or significant increases in caseloads. Applicants should use OVC funds to provide services to foreign national trafficking clients regardless of HHS certification, and should not anticipate leveraging TVAP funds as a matter of course unless extraordinary circumstances arise. Grantees funded under this solicitation desiring to access TVAP funding due to such extraordinary circumstances must contact their OVC grant monitor for approval.
• integrating evidence into program, practice, and policy decisions within OJP and the field;
• improving the translation of evidence into practice.

OJP considers programs and practices to be evidence-based when their effectiveness has been demonstrated by causal evidence, generally obtained through one or more outcome evaluations. Causal evidence documents a relationship between an activity or intervention (including technology) and its intended outcome, including measuring the direction and size of a change, and the extent to which a change may be attributed to the activity or intervention. Causal evidence depends on the use of scientific methods to rule out, to the extent possible, alternative explanations for the documented change. The strength of causal evidence, based on the factors described above, will influence the degree to which OJP considers a program or practice to be evidence-based.

The OJP CrimeSolutions.gov website at https://www.crimesolutions.gov is one resource that applicants may use to find information about evidence-based programs in criminal justice, juvenile justice, and crime victim services.

Information Regarding Potential Evaluation of Programs and Activities
DOJ has prioritized the use of evidence-based programming and deems it critical to continue to build and expand the evidence informing criminal and juvenile justice programs to reach the highest level of rigor possible. Therefore, applicants should note that OJP may conduct or support an evaluation of the programs and activities funded under this solicitation. Recipients and subrecipients will be expected to cooperate with program-related assessments or evaluation efforts, including through the collection and provision of information or data requested by OJP (or its designee) for the assessment or evaluation of any activities and/or outcomes of those activities funded under this solicitation. The information or data requested may be in addition to any other financial or performance data already required under this program.

B. Federal Award Information

OVC expects to make up to four awards of up to $900,000 each, with an estimated total amount awarded of up to $3.6 million. OVC expects to make awards for a 36-month period of performance to begin on January 1, 2020.

OVC may, in certain cases, provide additional funding in future years to awards made under this solicitation through continuation awards. In making decisions regarding continuation awards, OJP will consider, among other factors, the availability of appropriations, when the program or project was last competed, OJP’s strategic priorities, and OJP’s assessment of both the management of the award (for example, timeliness and quality of progress reports) and the progress of the work funded under the award.

All awards are subject to the availability of appropriated funds and to any modifications or additional requirements that may be imposed by law.

Type of Award
OVC expects to make any award under this solicitation in the form of a cooperative agreement, which is a type of award that provides for OJP to have substantial involvement in carrying out award activities. See Administrative, National Policy, and Other Legal Requirements, under
Section F. Federal Award Administration Information, for a brief discussion of what may constitute substantial federal involvement.

Financial Management and System of Internal Controls
Award recipients and subrecipients (including recipients or subrecipients that are pass-through entities\(^5\)) must, as described in the Part 200 Uniform Requirements\(^6\) as set out at 2 C.F.R. 200.303:

(a) Establish and maintain effective internal control over the Federal award that provides reasonable assurance that [the recipient (and any subrecipient)] is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in “Standards for Internal Control in the Federal Government” issued by the Comptroller General of the United States and the “Internal Control Integrated Framework”, issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

(b) Comply with Federal statutes, regulations, and the terms and conditions of the Federal awards.

(c) Evaluate and monitor [the recipient’s (and any subrecipient’s)] compliance with statutes, regulations, and the terms and conditions of Federal awards.

(d) Take prompt action when instances of noncompliance are identified including noncompliance identified in audit findings.

(e) Take reasonable measures to safeguard protected personally identifiable information and other information the Federal awarding agency or pass-through entity designates as sensitive or [the recipient (or any subrecipient)] considers sensitive consistent with applicable Federal, state, local, and tribal laws regarding privacy and obligations of confidentiality.

To help ensure that applicants understand the applicable administrative requirements and cost principles, OJP encourages prospective applicants to enroll, at no charge, in the DOJ Grants Financial Management Online Training, available at https://onlinefmt.training.ojp.gov/. (This training is required for all OJP award recipients).

Also, applicants should be aware that OJP collects information from applicants on their financial management and systems of internal controls (among other information) which is used to make award decisions. Under Section D. Application and Submission Information, applicants may access and review a questionnaire – the OJP Financial Management and System of Internal Controls Questionnaire – that OJP requires all applicants (other than an individual applying in his/her personal capacity) to download, complete, and submit as part of the application.

---

\(^5\) For purposes of this solicitation, the phrase “pass-through entity” includes any recipient or subrecipient that provides a subaward (“subgrant”) to a subrecipient (subgrantee) to carry out part of the funded award or program. Additional information on proposed subawards is listed under What an Application Should Include, Section D of this solicitation.

\(^6\) The “Part 200 Uniform Requirements” means the DOJ regulation at 2 C.F.R Part 2800, which adopts (with certain modifications) the provisions of 2 C.F.R. Part 200.
Budget Information

Cost Sharing or Match Requirement (cash or in-kind)
Federal funds awarded under this solicitation may not cover more than 75 percent of the total costs of the project. An applicant must identify the source of the 25-percent non-federal portion of the total project costs and how it will use match funds. If a successful applicant’s proposed match exceeds the required match amount, and OJP approves the budget, the total match amount incorporated into the approved budget becomes mandatory and subject to audit. (“Match” funds may be used only for purposes that would be allowable for the federal funds.) Recipients may satisfy this match requirement with either cash or in-kind services. See the DOJ Grants Financial Guide at https://ojp.gov/financialguide/DOJ/PostawardRequirements/chapter3.3b.htm for examples of “in-kind” services. The formula for calculating the match is:

Federal Award Amount ÷ Federal Share Percentage = Adjusted (Total) Project Costs
Required Recipient’s Share Percentage x Adjusted Project Cost = Required Match

Example: 75%/25% match requirement: for a federal award amount of $350,000, calculate match as follows:

\[
\frac{350,000}{0.75} = 466,667 \\
0.25 \times 466,667 = 116,667 
\]

For additional information on cost sharing and match, see the DOJ Grants Financial Guide at https://ojp.gov/financialguide/DOJ/PostawardRequirements/chapter3.3b.htm.

Pre-Agreement Costs (also known as Pre-Award Costs)
Pre-Agreement costs are costs incurred by the applicant prior to the start date of the period of performance of the federal award.

OJP does not typically approve pre-agreement costs; an applicant must request and obtain the prior written approval of OJP for all such costs. All such costs incurred prior to award and prior to approval of the costs are incurred at the sole risk of the applicant. (Generally, no applicant should incur project costs before submitting an application requesting federal funding for those costs.) Should there be extenuating circumstances that make it appropriate for OJP to consider approving pre-agreement costs, the applicant may contact the point of contact listed on the title page of this solicitation for the requirements concerning written requests for approval. If approved in advance by OJP, award funds may be used for pre-agreement costs, consistent with the recipient’s approved budget and applicable cost principles. See the section on Costs Requiring Prior Approval in the DOJ Grants Financial Guide at https://ojp.gov/financialguide/DOJ/index.htm for more information.

Limitation on Use of Award Funds for Employee Compensation; Waiver
With respect to any award of more than $250,000 made under this solicitation, a recipient may not use federal funds to pay total cash compensation (salary plus cash bonuses) to any

7 Indian tribes and tribal organizations that otherwise are eligible for an award may be able to apply certain types of funds received from the federal government (for example, certain funds received under an Indian "self-determination contract") to satisfy all or part of a required "non-federal" match.
employee of the recipient at a rate that exceeds 110 percent of the maximum annual salary payable to a member of the federal government’s Senior Executive Service (SES) at an agency with a Certified SES Performance Appraisal System for that year.\(^8\) The 2019 salary table for SES employees is available on the Office of Personnel Management website at https://www.opm.gov/policy-data-oversight/pay-leave/salaries-wages/salary-tables/19Tables/exec/html/ES.aspx. Note: A recipient may compensate an employee at a greater rate, provided the amount in excess of this compensation limitation is paid with nonfederal funds. (Non-federal funds used for any such additional compensation will not be considered matching funds, where match requirements apply.) If only a portion of an employee's time is charged to an OJP award, the maximum allowable compensation is equal to the percentage of time worked times the maximum salary limitation.

The Assistant Attorney General for OJP may exercise discretion to waive, on an individual basis, this limitation on compensation rates allowable under an award. An applicant that requests a waiver should include a detailed justification in the budget narrative of its application. An applicant that does not submit a waiver request and justification with its application should anticipate that OJP will require the applicant to adjust and resubmit the budget.

The justification should address, in the context of the work the individual would do under the award, the particular qualifications and expertise of the individual, the uniqueness of a service the individual will provide, the individual’s specific knowledge of the proposed program or project, and a statement that explains whether and how the individual’s salary under the award would be commensurate with the regular and customary rate for an individual with his/her qualifications and expertise, and for the work he/she would do under the award.

Prior Approval, Planning, and Reporting of Conference/Meeting/Training Costs

OJP strongly encourages every applicant that proposes to use award funds for any conference, meeting, or training-related activity (or similar event) to review carefully—before submitting an application—the OJP and DOJ policy and guidance on approval, planning, and reporting of such events, available at https://www.ojp.gov/financialguide/DOJ/PostawardRequirements/chapter3.10a.htm. OJP policy and guidance (1) encourage minimization of conference, meeting, and training costs; (2) require prior written approval (which may affect project timelines) of most conference, meeting, and training costs for cooperative agreement recipients, and some conference, meeting, and training costs for grant recipients; and (3) set cost limits, which include a general prohibition of all food and beverage costs.

Costs Associated with Language Assistance (if applicable)

If an applicant proposes a program or activity that would deliver services or benefits to individuals, the costs of taking reasonable steps to provide meaningful access to those services or benefits for individuals with limited English proficiency may be allowable. Reasonable steps to provide meaningful access to services or benefits may include interpretation or translation services, where appropriate.

---

\(^8\) OJP does not apply this limitation on the use of award funds to the nonprofit organizations listed in Appendix VIII to 2 C.F.R. Part 200.
C. Eligibility Information

For eligibility information, see the title page.

For information on cost sharing or match requirements, see Section B. Federal Award Information.

D. Application and Submission Information

What an Application Should Include
This section describes in detail what an application should include. An applicant should anticipate that if it fails to submit an application that contains all of the specified elements, it may negatively affect the review of its application; and, should a decision be made to make an award, it may result in the inclusion of award conditions that preclude the recipient from accessing or using award funds until the recipient satisfies the conditions and OJP makes the funds available.

Moreover, an applicant should anticipate that an application that OJP determines is nonresponsive to the scope of the solicitation, or that OJP determines does not include the application elements that OVC has designated to be critical, will neither proceed to peer review, nor receive further consideration. For this solicitation, OVC has designated the following application elements as critical:

- Program Narrative
- Budget Detail Worksheet (including the Budget Narrative)

NOTE: OJP has combined the Budget Detail Worksheet and Budget Narrative in a single document collectively referred to as the Budget Detail Worksheet. See “Budget Information and Associated Documentation” below for more information about the Budget Detail Worksheet and where it can be accessed.

OJP strongly recommends that applicants use appropriately descriptive file names (e.g., “Program Narrative,” “Budget Detail Worksheet,” “Timelines,” “Memoranda of Understanding,” “Resumes”) for all attachments. Also, OJP recommends that applicants include resumes in a single file.

Please review the “Note on File Names and File Types” under How To Apply to be sure applications are submitted in permitted formats.

1. Information to Complete the Application for Federal Assistance (SF-424)
The SF-424 is a required standard form used as a cover sheet for submission of pre-applications, applications, and related information. Grants.gov and the OJP Grants Management System (GMS) take information from the applicant’s profile to populate the fields on this form. When selecting "type of applicant," if the applicant is a for-profit entity, select "For-Profit Organization" or "Small Business" (as applicable).
To avoid processing delays, an applicant must include an accurate legal name on its SF-424. On the SF-424, current OJP award recipients, when completing the field for “Legal Name” (box 8a), should use the same legal name that appears on the prior year award document (which is also the legal name stored in OJP’s financial system.) Also, current recipients should enter the Employer Identification Number (EIN) in box 8b exactly as it appears on the prior year award document. An applicant with a current, active award(s) must ensure that its GMS profile is current. If the profile is not current, the applicant should submit a Grant Adjustment Notice (GAN) updating the information on its GMS profile prior to applying under this solicitation.

A new applicant entity should enter its official legal name in box 8a, its address in box 8d, its EIN in box 8b, and its Data Universal Numbering System (DUNS) number in box 8c of the SF-424. A new applicant entity should attach official legal documents to its application (e.g., articles of incorporation, 501(c)(3) status documentation, organizational letterhead) to confirm the legal name, address, and EIN entered into the SF-424. OJP will use the System for Award Management (SAM) to confirm the legal name and DUNS number entered in the SF-424; therefore, an applicant should ensure that the information entered in the SF-424 matches its current registration in SAM. See the How to Apply section for more information on SAM and DUNS numbers.

**Intergovernmental Review:** This solicitation (“funding opportunity”) is **not** subject to Executive Order 12372. (In completing the SF-424, an applicant is to answer question 19 by selecting the response that the “Program is not covered by E.O. 12372.”)

### 2. Project Abstract
Applications should include a high-quality project abstract that summarizes the proposed project in 400 words or less. Project abstracts should be—

- written for a general public audience;
- submitted as a separate attachment with “Project Abstract” as part of its file name;
- single-spaced, using a standard 12-point font (such as Times New Roman) with 1-inch margins.

The abstract must include the following information:

- Legal name of the applicant (if two or more entities are applying, identify the legal name for lead applicant and the subrecipient(s)).
- Proposed project description.
- Specific description of the geographic area where activities will be focused.
- Amount of federal funding requested.

As a separate attachment, the project abstract will **not** count against the page limit for the program narrative.

### 3. Program Narrative
The program narrative should be double-spaced, using a standard 12-point font (Times New Roman preferred); have no less than 1-inch margins; and should not exceed 25 pages. Pages should be numbered. If the program narrative fails to comply with these length related restrictions, OVC may consider such noncompliance in peer review and in final award decisions.
Include the following headings as part of the program narrative:

a. **Statement of the Problem**

Applicants must establish a strong rationale for the project, describe the initiative to be addressed, and provide a clear statement of how funding will support human trafficking victims by meeting the stated goals. Applicants should use data or research to provide evidence that the need for the effort exists, outline the availability of existing resources to support the initiative, and explain the barriers in identifying victims and service provision related to the selected initiative. Applicants may use qualitative and quantitative data to describe the problem, identifying the source of any data or evidence cited. Applicants should describe existing efforts related to the initiative in the identified geographic region and the remaining gaps.

b. **Project Design and Implementation Plan**

The project design and implementation plan must describe the project strategy and discuss how the strategy will address the challenges presented in the Statement of the Problem in support of the outlined goals and objectives on page 6. Applicants must provide a Project Timeline (as a separate attachment that does not count against the Program Narrative page restrictions; see page 26) that contains a description of project phases, tasks, activities, staff responsibilities, interim deliverables, and final products.

The project design should specifically:

i. **Describe the overall program design**, including how the proposed program is innovative and not merely a continuation of existing efforts.

ii. **Describe how victim safety and confidentiality will be ensured**. Applications that propose activities that compromise victim safety and recovery may receive a deduction in points during the review process or may be eliminated from consideration entirely. See “Activities That Compromise Victim Safety and Recovery” on page 5.

iii. **Describe how the proposed project will be accessible to individuals with disabilities, individuals who are deaf or hard of hearing, and persons with limited English proficiency**. Applicants and any partners should have in place policies and procedures promoting linguistically appropriate services.

iv. **Describe referral plans to other service providers that can support victims who have needs outside the proposed initiative**. Applicants must describe their referral protocols to ensure that victims are able to access a comprehensive range of services from another service provider. For example, an applicant that focuses on labor trafficking will need a referral system in place to refer victims of sex trafficking for services, whether or not they are identified as victims of labor trafficking, to ensure access to services addressing their multifaceted needs; or an initiative that focuses on the prosecution of human trafficking will need to have a referral process in place for a range of direct victim services. Additionally, provide a detailed plan describing victim identification, screening, assessment, safety planning, and service planning. Programs must have the capacity to formally identify victims of human trafficking and to deliver the identified service(s) to victims directly within their organization and/or through a formal partnership (including referring victims to the appropriate community agency if no such partnership exists).

---

9 For information on subawards (including the details on proposed subawards that should be included in the application), see “Budget and Associated Documentation” under D. Application and Submission Information.
v. **Provide MOUs, Letters of Intent, and/or Subcontracts/Subgrants, if applicable.** For services to be provided by project partners, applicants must name the project partner(s) that will provide the specific service(s) and include, as an attachment to the application, a subcontract/subgrant, Letter of Intent, or Memoranda of Understanding (MOU) describing the organization’s commitment to provide the specific service.

c. **Capabilities and Competencies**

Applicants must demonstrate they have the expertise and organizational capacity to successfully undertake an initiative that involves collaboration with other agencies supporting the effort. Applicants must address the following items in this section:

- Describe previous and/or current experience in providing assistance to victims of human trafficking in the proposed initiative.
- List personnel responsible for managing and implementing the major parts of the project, and a description of the current and proposed professional staff members’ unique qualifications that enable them to fulfill their responsibilities.
- Submit position descriptions and resumes for identified key staff as a separate attachment (will not count against the Program Narrative page restrictions).
- Describe access to resources, facilities, and equipment necessary to carry out the activities described in the Project Design and Implementation Plan section, and the experience and capacity to manage federal grant awards.
- Demonstrate that the organization and partners have experience and expertise in the full range of trafficking victim needs in the proposed initiative.

The project director must have both the substantive expertise and experience to perform crucial leadership functions and sufficient time to devote to the project to provide the needed guidance and oversight. Job descriptions and copies of resumes for proposed key staff positions must be included.

d. **Plan for Collecting the Data Required for this Solicitation’s Performance Measures**

OJP will require each successful applicant to submit regular performance data that demonstrate the results of the work carried out under the award (see “General Information about Post-Federal Award Reporting Requirements” in Section F. Federal Award Administration Information). The performance data directly relate to the goals, objectives, and deliverables identified under "Goals, Objectives, and Deliverables" in Section A. Program Description.

Applicants should visit OJP’s performance measurement page at [www.ojp.gov/performance](http://www.ojp.gov/performance) for an overview of performance measurement activities at OJP.

Award recipients will be required to provide the relevant data by submitting semiannual performance reports through the Grants Management System (GMS). Performance measures for this solicitation are listed in Appendix A: Performance Measures Table.

The application should demonstrate the applicant’s understanding of the performance data reporting requirements for this grant program and detail how the applicant will gather the required data should it receive funding.
Please note that applicants are not required to submit performance data with the application. Performance measures information is included as an alert that successful applicants will be required to submit performance data as part of the reporting requirements under an award.

**Note on Project Evaluations**

An applicant that proposes to use award funds through this solicitation to conduct project evaluations should be aware that certain project evaluations (such as systematic investigations designed to develop or contribute to generalizable knowledge) may constitute “research” for purposes of applicable DOJ human subjects’ protection regulations. However, project evaluations that are intended only to generate internal improvements to a program or service, or are conducted only to meet OJP’s performance measure data reporting requirements, likely do not constitute “research.” Each applicant should provide sufficient information for OJP to determine whether the particular project it proposes would either intentionally or unintentionally collect and/or use information in such a way that it meets the DOJ definition of research that appears at 28 C.F.R. Part 46 (“Protection of Human Subjects”).

“Research,” for purposes of human subjects’ protection for OJP-funded programs, is defined as “a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge,” 28 C.F.R. 46.102(d).

For additional information on determining whether a proposed activity would constitute research for purposes of human subjects protection, applicants should consult the decision tree in the “Research and the protection of human subjects” section of the “Requirements related to Research” webpage of the "Overview of Legal Requirements Generally Applicable to OJP Grants and Cooperative Agreements - FY 2018 Awards," available through the OJP Funding Resource Center at [https://ojp.gov/funding/index.htm](https://ojp.gov/funding/index.htm). Every prospective applicant whose application may propose a research or statistical component also should review the “Data Privacy and Confidentiality Requirements” section on that webpage.

**4. Budget and Associated Documentation**

The Budget Detail Worksheet and the Budget Narrative are now combined in a single document collectively referred to as the Budget Detail Worksheet. The Budget Detail Worksheet is a user-friendly, fillable, Microsoft Excel-based document designed to calculate totals. Additionally, the Excel workbook contains worksheets for multiple budget years that can be completed as necessary. **All applicants should use the Excel version when completing the proposed budget in an application, except in cases where the applicant does not have access to Microsoft Excel or experiences technical difficulties.** If an applicant does not have access to Microsoft Excel or experiences technical difficulties with the Excel version, then the applicant should use the 508-compliant accessible Adobe Portable Document Format (PDF) version. [When using the PDF version, an applicant must complete it for each year (this format does not allow for computations of multiple years).]

Both versions of the Budget Detail Worksheet can be accessed at [https://ojp.gov/funding/Apply/Forms/BudgetDetailWorksheet.htm](https://ojp.gov/funding/Apply/Forms/BudgetDetailWorksheet.htm).

**a. Budget Detail Worksheet**

The Budget Detail Worksheet should provide the detailed computation for each budget line item, listing the total cost of each and showing how it was calculated by the applicant. For example, costs for personnel should show the annual salary rate and the
percentage of time devoted to the project for each employee paid with grant funds. The Budget Detail Worksheet should present a complete itemization of all proposed costs.

**Travel for required trainings:** The “Travel” category of the Budget Detail Worksheet should include costs to support the travel of staff to attend trainings related to human trafficking. For each event requiring staff travel, applicants must break out costs associated with travel, lodging, per diem, and ground transportation.

**Required trainings for OVC grantees are listed below:**

- The Regional Financial Management Training Seminar sponsored by OJP’s Office of the Chief Financial Officer (OCFO), unless the applicant has previously attended this seminar or plans to take the training online. Specific information about the dates and locations of upcoming OCFO events and information about the DOJ Grants Financial Management Online Training can be found at [https://ojp.gov/training/training.htm](https://ojp.gov/training/training.htm). The Point of Contact and Financial Point of Contact are required to complete this training.

- OVC annual grantee meetings, 2 days each, in Washington, D.C., for up to two staff members per year, subject to change. Note: Travel costs associated with project staff (e.g., travel for a consultant or a speaker) who are not directly employed by the grantee organization must be listed under the Consultant Budget category on the Budget Detail Worksheet.

**Consultant rates:** Consultant rates may not exceed the maximum of $650 per day or, if paid by the hour, $81.25 per hour for a maximum 8-hour workday. Rates that exceed the maximum rate must be strongly justified by the applicant at the time of the application and approved in writing by OVC after the award is made. Consultants or other providers who are donating the cost of their services as match toward the project are also subject to the $650 per day or $81.25 per hour limitation.

For questions pertaining to budget and examples of allowable and unallowable costs, see the DOJ Grants Financial Guide at [https://ojp.gov/financialguide/DOJ/index.htm](https://ojp.gov/financialguide/DOJ/index.htm).

**b. Budget Narrative**

The budget narrative should thoroughly and clearly describe every category of expense listed in the Budget Detail Worksheet. OJP expects proposed budgets to be complete, cost effective, and allowable (e.g., reasonable, allocable, and necessary for project activities).

An applicant should demonstrate in its budget narrative how it will maximize cost effectiveness of award expenditures. Budget narratives should generally describe cost effectiveness in relation to potential alternatives and the goals of the project. For example, a budget narrative should detail why planned in-person meetings are necessary, or how technology and collaboration with outside organizations could be used to reduce costs, without compromising quality.

The budget narrative should be mathematically sound and correspond clearly with the information and figures provided in the Budget Detail Worksheet. The narrative should explain how the applicant estimated and calculated all costs, and how those costs are necessary to the completion of the proposed project. The narrative may include tables...
for clarification purposes, but need not be in a spreadsheet format. As with the Budget Detail Worksheet, the budget narrative should describe costs by year.

c. Information on Proposed Subawards (if any), and on Proposed Procurement Contracts (if any)

Applicants for OJP awards typically may propose to make *subawards*. Applicants also may propose to enter into procurement *contracts* under the award.

Whether an action—for federal grants administrative purposes—is a subaward or procurement contract is a critical distinction as significantly different rules apply to subawards and procurement contracts. If a recipient enters into an agreement that is a subaward of an OJP award, specific rules apply—many of which are set by federal statutes and DOJ regulations: others by award conditions. These rules place particular responsibilities on an OJP recipient for any subawards the OJP recipient may make. The rules determine much of what the written subaward agreement itself must require or provide. The rules also determine much of what an OJP recipient must do both before and after it makes a subaward. If a recipient enters into an agreement that is a procurement contract under an OJP award, a substantially different set of federal rules applies.

OJP has developed the following guidance documents to help clarify the differences between subawards and procurement contracts under an OJP award and outline the compliance and reporting requirements for each. This information can be accessed online at https://ojp.gov/training/training.htm.

- **Subawards under OJP Awards and Procurement Contracts under Awards: A Toolkit for OJP Recipients.**
- **Checklist to Determine Subrecipient or Contractor Classification.**
- **Sole Source Justification Fact Sheet and Sole Source Review Checklist.**

In general, the central question is the relationship between what the third-party will do under its agreement with the recipient and what the recipient has committed (to OJP) to do under its award to further a public purpose (e.g., services the recipient will provide, products it will develop or modify, research or evaluation it will conduct). If a third party will provide some of the services the recipient has committed (to OJP) to provide, will develop or modify all or part of a product the recipient has committed (to OJP) to develop or modify, or will conduct part of the research or evaluation the recipient has committed (to OJP) to conduct, OJP will consider the agreement with the third party a *subaward* for purposes of federal grants administrative requirements.

This will be true even if the recipient, for internal or other non-federal purposes, labels or treats its agreement as a procurement, a contract, or a procurement contract. Neither the title nor the structure of an agreement determines whether the agreement—for purposes of federal grants administrative requirements—is a *subaward* or is instead a procurement *contract* under an award. The substance of the relationship should be given greater consideration than the form of agreement between the recipient and the outside entity.

1. Information on proposed subawards

   A recipient of an OJP award may not make subawards (“subgrants”) unless the recipient has specific federal authorization to do so. Unless an applicable statute or
DOJ regulation specifically authorizes (or requires) subawards, a recipient must have authorization from OJP before it may make a subaward.

A particular subaward may be authorized by OJP because the recipient included a sufficiently detailed description and justification of the proposed subaward in the Program Narrative, Budget Detail Worksheet, and Budget Narrative as approved by OJP. If, however, a particular subaward is not authorized by federal statute or regulation, and is not approved by OJP, the recipient will be required, post-award, to request and obtain written authorization from OJP before it may make the subaward.

If an applicant proposes to make one or more subawards to carry out the federal award and program, the applicant should (1) identify (if known) the proposed subrecipient(s), (2) describe in detail what each subrecipient will do to carry out the federal award and federal program, and (3) provide a justification for the subaward(s), with details on pertinent matters such as special qualifications and areas of expertise. Pertinent information on subawards should appear not only in the Program Narrative, but also in the Budget Detail Worksheet and Budget Narrative.

2. Information on proposed procurement contracts (with specific justification for proposed noncompetitive contracts over $250,000)

Unlike a recipient contemplating a subaward, a recipient of an OJP award generally does not need specific prior federal authorization to enter into an agreement that—for purposes of federal grants administrative requirements—is considered a procurement contract. **provided that** (1) the recipient uses its own documented procurement procedures and (2) those procedures conform to applicable federal law, including the Procurement Standards of the (DOJ) Part 200 Uniform Requirements (as set out at 2 C.F.R. 200.317 - 200.326). The Budget Detail Worksheet and Budget Narrative should identify proposed procurement contracts. (As discussed above, subawards must be identified and described separately from procurement contracts.)

The Procurement Standards in the Part 200 Uniform Requirements, however, reflect a general expectation that agreements that (for purposes of federal grants administrative requirements) constitute procurement “contracts” under awards will be entered into on the basis of full and open competition. All noncompetitive (sole source) procurement contracts must meet the OJP requirements outlined at [https://ojp.gov/training/subawards-procurement.htm](https://ojp.gov/training/subawards-procurement.htm). If a proposed procurement contract would exceed the simplified acquisition threshold—currently, $250,000—a recipient of an OJP award may not proceed without competition unless and until the recipient receives specific advance authorization from OJP to use a non-competitive approach for the procurement. An applicant that (at the time of its application) intends—without competition—to enter into a procurement contract that would exceed $250,000 should include a detailed justification that explains to OJP why, in the particular circumstances, it is appropriate to proceed without competition.

If the applicant receives an award, sole source procurements that do not exceed the Simplified Acquisition Threshold (currently $250,000) must have written justification.

---

10 Consistent with the provisions of Office of Management and Budget memorandum, OMB M-18-18, dated June 20, 2018, and entitled, “Implementing Statutory Changes to the Micro-Purchase and the Simplified Acquisition Thresholds for Financial Assistance,” DOJ will allow recipients (and any subrecipients) of awards made under this solicitation to use a simplified acquisition threshold of $250,000 and a micro-purchase threshold of $10,000, for federal grants administrative purposes.
for the noncompetitive procurement action maintained in the procurement file. If a procurement file does not have the documentation that meets the criteria outlined in 2 C.F.R. 200, the procurement expenditures may not be allowable. Sole source procurement over the $250,000 Simplified Acquisition Threshold must have prior approval from OJP using a Sole Source GAN. Written documentation justifying the noncompetitive procurement must be submitted with the GAN and maintained in the procurement file.

d. Pre-Agreement Costs
For information on pre-agreement costs, see Section B. Federal Award Information.

5. Indirect Cost Rate Agreement (if applicable)
Indirect costs may be charged to an award only if:

a. The recipient has a current (unexpired), federally approved indirect cost rate; or
b. The recipient is eligible to use, and elects to use, the “de minimis” indirect cost rate described in the Part 200 Uniform Requirements, as set out at 2 C.F.R. 200.414(f).

An applicant with a current (unexpired) federally approved indirect cost rate is to attach a copy of the indirect cost rate agreement to the application. An applicant that does not have a current federally approved rate may request one through its cognizant federal agency, which will review all documentation and approve a rate for the applicant entity, or, if the applicant’s accounting system permits, applicants may propose to allocate costs in the direct cost categories.

For assistance with identifying the appropriate cognizant federal agency for indirect costs, please contact the Office of the Chief Financial Officer (OCFO) Customer Service Center at 800–458–0786 or at ask.ocfo@usdoj.gov. If DOJ is the cognizant federal agency, applicants may obtain information needed to submit an indirect cost rate proposal at https://www.ojp.gov/funding/Apply/Resources/IndirectCosts.pdf.

Certain OJP recipients have the option of electing to use the “de minimis” indirect cost rate. An applicant that is eligible to use the “de minimis” rate that wishes to use the "de minimis" rate should attach written documentation to the application that advises OJP of both (1) the applicant’s eligibility to use the “de minimis” rate, and (2) its election to do so. If an eligible applicant elects the “de minimis” rate, costs must be consistently charged as either indirect or direct costs, but may not be double charged or inconsistently charged as both. The "de minimis" rate may no longer be used once an approved federally negotiated indirect cost rate is in place. (No entity that ever has had a federally approved negotiated indirect cost rate is eligible to use the "de minimis" rate.) For the “de minimis” rate requirements (including information on eligibility to elect to use the rate), see the Part 200 Uniform Requirements, at 2 C.F.R. 200.414(f).

6. Financial Management and System of Internal Controls Questionnaire (including applicant disclosure of high-risk status)
Every OJP applicant (other than an individual applying in his or her personal capacity) is required to download, complete, and submit the OJP Financial Management and System of Internal Controls Questionnaire (Questionnaire) at https://ojp.gov/funding/Apply/Resources/FinancialCapability.pdf as part of its application.
The Questionnaire helps OJP assess the financial management and internal control systems, and the associated potential risks of an applicant as part of the pre-award risk assessment process.

The Questionnaire should only be completed by financial staff most familiar with the applicant's systems, policies, and procedures in order to ensure that the correct responses are recorded and submitted to OJP. The responses on the Questionnaire directly impact the pre-award risk assessment and should accurately reflect the applicant's financial management and internal control system at the time of the application. The pre-award risk assessment is only one of multiple factors and criteria used in determining funding.

However, a pre-award risk assessment that indicates that an applicant poses a higher risk to OJP may affect the funding decision and/or result in additional reporting requirements, monitoring, special conditions, withholding of award funds, or other additional award requirements.

Among other things, the form requires each applicant to disclose whether it currently is designated “high risk” by a federal grant-making agency outside of DOJ. For purposes of this disclosure, high risk includes any status under which a federal awarding agency provides additional oversight due to the applicant’s past performance, or other programmatic or financial concerns with the applicant. If an applicant is designated high risk by another federal awarding agency, the applicant must provide the following information:

- The federal awarding agency that currently designates the applicant high risk.
- The date the applicant was designated high risk.
- The high-risk point of contact at that federal awarding agency (name, phone number, and email address).
- The reasons for the high-risk status, as set out by the federal awarding agency.

OJP seeks this information to help ensure appropriate federal oversight of OJP awards. An applicant that is considered “high-risk” by another federal awarding agency is not automatically disqualified from receiving an OJP award. OJP may, however, consider the information in award decisions, and may impose additional OJP oversight of any award under this solicitation (including through the conditions that accompany the award document).

7. Disclosure of Lobbying Activities

Each applicant must complete and submit this information. An applicant that expends any funds for lobbying activities is to provide all of the information requested on the form Disclosure of Lobbying Activities (SF-LLL) posted at https://ojp.gov/funding/Apply/Resources/Disclosure.pdf. An applicant that does not expend any funds for lobbying activities is to enter “N/A” in the text boxes for item 10 (“a. Name and Address of Lobbying Registrant” and “b. Individuals Performing Services”).

8. Applicant Disclosure of Pending Applications

Each applicant is to disclose whether it has (or is proposed as a subrecipient under) any pending applications for federally funded grants or cooperative agreements that (1) include requests for funding to support the same project being proposed in the application under this solicitation, and (2) would cover any identical cost items outlined in the budget submitted to OJP as part of the application under this solicitation. The applicant is to disclose applications made directly to federal awarding agencies, and also applications for
subawards of federal funds (e.g., applications to State agencies that will subaward (“subgrant”) federal funds).

OJP seeks this information to help avoid inappropriate duplication of funding. Leveraging multiple funding sources in a complementary manner to implement comprehensive programs or projects is encouraged and is not seen as inappropriate duplication.

Each applicant that has one or more pending applications as described above is to provide the following information about pending applications submitted within the last 12 months:

- The federal or State funding agency
- The solicitation name/project name
- The point of contact information at the applicable federal or State funding agency

<table>
<thead>
<tr>
<th>Federal or State Funding Agency</th>
<th>Solicitation Name/Project Name</th>
<th>Name/Phone/Email for Point of Contact at Federal or State Funding Agency</th>
</tr>
</thead>
<tbody>
<tr>
<td>DOJ/Office of Community Oriented Policing Services (COPS)</td>
<td>COPS Hiring Program</td>
<td>Jane Doe, 202/000-0000; <a href="mailto:jane.doe@usdoj.gov">jane.doe@usdoj.gov</a></td>
</tr>
<tr>
<td>Health and Human Services/Substance Abuse and Mental Health Services Administration</td>

<td>John Doe, 202/000-0000; <a href="mailto:john.doe@hhs.gov">john.doe@hhs.gov</a></td>
</tr>
</tbody>
</table>

Each applicant should include the table as a separate attachment to its application. The file should be named “Disclosure of Pending Applications.” The applicant’s Legal Name on the application must match the entity named on the disclosure of pending applications statement.

Any applicant that does not have any pending applications as described above is to submit, as a separate attachment, a statement to this effect: “[Applicant Name on SF-424] does not have (and is not proposed as a subrecipient under) any pending applications submitted within the last 12 months for federally funded grants or cooperative agreements (or for subawards under federal grants or cooperative agreements) that request funding to support the same project being proposed in this application to OJP and that would cover any identical cost items outlined in the budget submitted as part of this application.”

9. **Applicant Disclosure and Justification – DOJ High Risk Grantees**¹¹ (if applicable)  
An applicant that is designated as a DOJ High Risk Grantee is to submit, as a separate attachment to its application, information that OJP will use, among other pertinent information, to determine whether it will consider or select the application for an award under this solicitation. The file should be named “DOJ High Risk Grantee Applicant Disclosure and

---

¹¹ A “DOJ High Risk Grantee” is a recipient that has received a DOJ High-Risk designation based on a documented history of unsatisfactory performance, financial instability, management system or other internal control deficiencies, or noncompliance with award terms and conditions on prior awards, or that is otherwise not responsible.
OJP constantly seeks to optimize its investments in criminal- and juvenile justice-focused programs and activities, increase program effectiveness, and maximize the return – and program impact – from limited programmatic resources. Therefore, OJP may remove from consideration or not select for award a "DOJ High Risk Grantee" applicant that is determined to pose a substantial risk of program implementation failure. In making such determinations, OJP will consider one or more of the following factors: the applicant's lack of sufficient progress in addressing required corrective actions necessary for removal of the DOJ High Risk Grantee designation; the nature and severity of the issues leading to or accompanying the applicant's DOJ High Risk Grantee designation; or the applicant's expected ability to manage grant funds and achieve grant goals and objectives.

In this attachment, the applicant is to provide any additional information or justification – especially with regard to corrective actions yet to be implemented (as of the application date) – that may help demonstrate how the applicant has addressed or otherwise mitigated such uncorrected matters, such that any negative impact on the proposed program and its implementation would be immaterial or would be significantly reduced or eliminated. (To the extent that the applicant believes that any of the information provided pursuant to this disclosure may be confidential in nature, the applicant should specifically identify it.)

10. Additional Attachments

a. Research and Evaluation Independence and Integrity

If an application proposes research (including research and development) and/or evaluation, the applicant must demonstrate research/evaluation independence and integrity, including appropriate safeguards, before it may receive award funds. The applicant must demonstrate independence and integrity regarding both this proposed research and/or evaluation, and any current or prior related projects.

Each application should include an attachment that addresses both i. and ii. below.

i. For purposes of this solicitation, each applicant is to document research and evaluation independence and integrity by including one of the following two items:

   a. A specific assurance that the applicant has reviewed its application to identify any actual or potential apparent conflicts of interest (including through review of pertinent information on the principal investigator, any co-principal investigators, and any subrecipients), and that the applicant has identified no such conflicts of interest—whether personal or financial or organizational (including on the part of the applicant entity or on the part of staff, investigators, or subrecipients)—that could affect the independence or integrity of the research, including the design, conduct, and reporting of the research.

   OR

   b. A specific description of actual or potential apparent conflicts of interest that the applicant has identified—including through review of pertinent information on the principal investigator, any co-principal investigators, and any
subrecipients—that could affect the independence or integrity of the research, including the design, conduct, or reporting of the research. These conflicts may be personal (e.g., on the part of investigators or other staff), financial, or organizational (related to the applicant or any subrecipient entity). Some examples of potential investigator (or other personal) conflict situations are those in which an investigator would be in a position to evaluate a spouse's work product (actual conflict), or an investigator would be in a position to evaluate the work of a former or current colleague (potential apparent conflict). With regard to potential organizational conflicts of interest, as one example, generally an organization would not be given an award to evaluate a project, if that organization had itself provided substantial prior technical assistance to that specific project or a location implementing the project (whether funded by OJP or other sources), because the organization in such an instance might appear to be evaluating the effectiveness of its own prior work. The key is whether a reasonable person understanding all of the facts would be able to have confidence that the results of any research or evaluation project are objective and reliable. Any outside personal or financial interest that casts doubt on that objectivity and reliability of an evaluation or research product is a problem and must be disclosed.

ii. In addition, for purposes of this solicitation, each applicant is to address possible mitigation of research integrity concerns by including, at a minimum, one of the following two items:

a. If an applicant reasonably believes that no actual or potential apparent conflicts of interest (personal, financial, or organizational) exist, then the applicant should provide a brief narrative explanation of how and why it reached that conclusion. The applicant also is to include an explanation of the specific processes and procedures that the applicant has in place, or will put in place, to identify and prevent (or, at the very least, mitigate) any such conflicts of interest pertinent to the funded project during the period of performance. Documentation that may be helpful in this regard may include organizational codes of ethics/conduct and policies regarding organizational, personal, and financial conflicts of interest. There is no guarantee that the plan, if any, will be accepted as proposed.

OR

b. If the applicant has identified actual or potential apparent conflicts of interest (personal, financial, or organizational) that could affect the independence and integrity of the research, including the design, conduct, or reporting of the research, the applicant is to provide a specific and robust mitigation plan to address each of those conflicts. At a minimum, the applicant is expected to explain the specific processes and procedures that the applicant has in place, or will put in place, to identify and eliminate (or, at the very least, mitigate) any such conflicts of interest pertinent to the funded project during the period of performance. Documentation that may be helpful in this regard may include organizational codes of ethics/conduct and policies regarding organizational, personal, and financial conflicts of interest. There is no guarantee that the plan, if any, will be accepted as proposed.
OJP will assess research and evaluation independence and integrity based on considerations such as the adequacy of the applicant’s efforts to identify factors that could affect the objectivity or integrity of the proposed staff and/or the applicant entity (and any subrecipients) in carrying out the research, development, or evaluation activity; and the adequacy of the applicant’s existing or proposed remedies to control any such factors.

b. Disclosure of Process Related to Executive Compensation

An applicant that is a nonprofit organization may be required to make certain disclosures relating to the processes it uses to determine the compensation of its officers, directors, trustees, and key employees.

Under certain circumstances, a nonprofit organization that provides unreasonably high compensation to certain persons may subject both the organization's managers and those who receive the compensation to additional federal taxes. A rebuttable presumption of the reasonableness of a nonprofit organization’s compensation arrangements, however, may be available if the nonprofit organization satisfied certain rules set out in Internal Revenue Service (IRS) regulations with regard to its compensation decisions.

Each applicant nonprofit organization must state at the time of its application (question 9c in the "OJP Financial Management and System of Internal Controls Questionnaire" located at http://ojp.gov/funding/Apply/Resources/FinancialCapability.pdf and mentioned earlier) whether or not the applicant entity believes (or asserts) that it currently satisfies the requirements of 26 C.F.R. 53.4958-6 (which relate to establishing or invoking a rebuttable presumption of reasonableness of compensation of certain individuals and entities).

A nonprofit organization that states in the questionnaire that it believes (or asserts) that it has satisfied the requirements of 26 C.F.R. 53.4958-6 must then disclose, in an attachment to its application (to be titled "Disclosure of Process Related to Executive Compensation"), the process used by the applicant nonprofit organization to determine the compensation of its officers, directors, trustees, and key employees (together, "covered persons").

At a minimum, the disclosure must describe in pertinent detail: (1) the composition of the body that reviews and approves compensation arrangements for covered persons; (2) the methods and practices used by the applicant nonprofit organization to ensure that no individual with a conflict of interest participates as a member of the body that reviews and approves a compensation arrangement for a covered person; (3) the appropriate data as to comparability of compensation that is obtained in advance and relied upon by the body that reviews and approves compensation arrangements for covered persons; and (4) the written or electronic records that the applicant organization maintains as concurrent documentation of the decisions with respect to compensation of covered persons made by the body that reviews and approves such compensation arrangements, including records of deliberations and of the basis for decisions.

For purposes of the required disclosure, the following terms and phrases have the meanings set out by the IRS for use in connection with 26 C.F.R. 53.4958-6: officers,
directors, trustees, key employees, compensation, conflict of interest, appropriate data as to comparability, adequate documentation, and concurrent documentation.

Applicant nonprofit organizations should note that following receipt of an appropriate request, OJP may be authorized or required by law to make information submitted to satisfy this requirement available for public inspection. Also, a recipient may be required to make a prompt supplemental disclosure after the award in certain circumstances (e.g., changes in the way the organization determines compensation).

e. Project Timeline
The timeline document must include the following:

- Milestone project goals.
- Related objectives, activities (including data collection and programmatic and financial reporting), and expected completion dates.
- Organization and person(s) responsible for completing each task on the timeline.

f. MOUs, Letters of Intent, and/or Subcontracts/Subgrants, if applicable
For services to be provided by project partners, applicants must name the project partner(s) that will provide the specific service(s) and include, as an attachment to the application, a subcontract/subgrant, Letter of Intent, or Memoranda of Understanding (MOU) describing the organization’s commitment to provide the specific service.

g. Position Descriptions and Resumes
Position descriptions and resumes for key positions should be tailored to the applicant to demonstrate qualifications of each key individual involved in the project.

h. Privacy Certificate
OVC and recipients of OVC funding are subject to confidentiality requirements protecting research and statistical information collected that is identifiable to a private person under the DOJ regulations found at 28 C.F.R. Part 22. Identifying characteristics include, but are not limited to, identifiers such as name, address, Social Security number or other identifying number, fingerprints, voiceprints, photographs, genetic information, or any other item or combination of data about a person that could reasonably lead, directly or indirectly, by reference to other information, or to identification of that individual(s). OVC requires that applicants submit an updated Privacy Certificate with their application. A Privacy Certificate must be approved prior to engaging in any project activities that involve data collection on individuals through observations, interviews, reports, or review of administrative records, or any project tasks likely to result in the gathering or development of information identifiable to individuals. OVC-funded activities that require a Privacy Certificate prior to conducting the activity include, but may not be limited to, a needs assessment, program evaluation, survey, or focus group interview. For a sample Model Privacy Certificate, visit https://ojp.gov/funding/Apply/Resources/PrivacyCertification.pdf. For additional guidance on Privacy Certificate content, visit the National Institute of Justice’s Privacy Certificate Guidance at www.nij.gov/funding/humansubjects/pages/privacy-certificate-guidance.aspx.
i. **Documentation of Anticipated Benefit to Qualified Opportunity Zones (if applicable)**

As is mentioned above, OJP will, as appropriate, give priority consideration in award decisions to applications that propose projects that will likely enhance public safety in federally designated Qualified Opportunity Zones (QOZ). Each applicant proposing a project it anticipates will likely enhance public safety in one or more QOZs should provide a sufficient narrative explanation in order for OJP to identify clearly the public safety benefit the applicant anticipates that its project will have on a specified QOZ(s). For example, reduce the occurrence of human trafficking and/or serve trafficking victims. The attachment(s) should be clearly labeled as addressing QOZs. The applicant may also include tables, charts, graphs, or other relevant illustrations that may be useful in comprehending the manner in which the proposed project is anticipated to benefit a QOZ(s).

### How To Apply

Applicants must register in and submit applications through Grants.gov, a primary source to find federal funding opportunities and apply for funding. Find complete instructions on how to register and submit an application at [https://www.grants.gov/web/grants/support.html](https://www.grants.gov/web/grants/support.html). Applicants that experience technical difficulties during this process should call the Grants.gov Customer Support Hotline at **800–518–4726** or **606–545–5035**, which operates 24 hours a day, 7 days a week, except on federal holidays.

Registering with Grants.gov is a one-time process; however, **processing delays may occur, and it can take several weeks** for first-time registrants to receive confirmation of registration and a user password. OJP encourages applicants to **register several weeks before** the application submission deadline. In addition, OJP urges applicants to submit applications at least 72 hours prior to the application due date, in order to allow time for the applicant to receive validation messages or rejection notifications from Grants.gov, and to correct in a timely fashion any problems that may have caused a rejection notification.

OJP strongly encourages all prospective applicants to sign up for Grants.gov email notifications regarding this solicitation at [https://www.grants.gov/web/grants/manage-subscriptions.html](https://www.grants.gov/web/grants/manage-subscriptions.html). If this solicitation is cancelled or modified, individuals who sign up with Grants.gov for updates will be automatically notified.

**Browser Information:** Grants.gov was built to be compatible with Internet Explorer. For technical assistance with Google Chrome, or another browser, contact Grants.gov Customer Support.

**Note on Attachments:** Grants.gov has two categories of files for attachments: “mandatory” and “optional.” OJP receives all files attached in both categories. Attachments are also labeled to describe the file being attached (e.g., Project Narrative, Budget Detail Worksheet, Other, etc.) Please ensure that all required documents are attached in the correct Grants.gov category and are labeled correctly. Do not embed “mandatory” attachments within another file.

An applicant must use the **Add Attachment** button to attach a file to its application. Do not click the paperclip icon to attach files. This action will not attach the files to the application. After adding an attachment, select the **View Attachment** button to confirm you attached the correct file. To remove the file, select the **Delete Attachment** button.
An application can be checked for errors via the **Check Application** button on the **Forms** tab of the **Manage Workspace** page. The button is active if the set of forms in the workspace matches those required in the application package. If you receive a **Cross-Form Errors** message after clicking the **Check Application** button, refer to the Cross-Form Errors help article for more detailed information about this validation error.

**Note on File Names and File Types:** Grants.gov only permits the use of certain specific characters in the file names of attachments. Valid file names may include only the characters shown in the table below. Grants.gov rejects any application that includes an attachment(s) with a file name that contains any characters not shown in the table below. Grants.gov forwards successfully submitted applications to the OJP Grants Management System (GMS).

</tbody>
</table>

*When using the ampersand (&) in XML, applicants must use the “&amp;” format.*

**GMS does not accept executable file types as application attachments.** These disallowed file types include, but are not limited to, the following extensions: “.com,” “.bat,” “.exe,” “.vbs,” “.cfg,” “.dat,” “.db,” “.dbf,” “.dll,” “.ini,” “.log,” “.ora,” “.sys,” and “.zip.” GMS may reject applications with files that use these extensions. It is important to allow time to change the type of file(s) if the application is rejected.

All applicants are required to complete the following steps:

**Unique Entity Identifier (DUNS Number) and SAM**
Every applicant entity must comply with all applicable SAM and unique entity identifier (currently, a DUNS number) requirements. SAM is the repository for certain standard information about federal financial assistance applicants, recipients, and subrecipients. A DUNS number is a unique nine-digit identification number provided by the commercial company Dun and Bradstreet. More detailed information about SAM and the DUNS number is in the numbered sections below.

If an applicant entity has not fully complied with the applicable SAM and unique identifier requirements by the time OJP makes award decisions, OJP may determine that the applicant is not qualified to receive an award and may use that determination as a basis for making the award to a different applicant.

**Applying as an Individual**
An individual who wishes to apply in his/her personal capacity should search Grants.gov for funding opportunities for which individuals are eligible to apply. Use the Funding Opportunity Number (FON) to register. (An applicant applying as an individual must comply with all applicable Grants.gov individual registration requirements.)
Enter the FON at https://apply07.grants.gov/apply/IndCPRegister to complete the registration form and create a username and password for Grants.gov. (An applicant applying as an individual should complete all steps below except 1, 2 and 4.)

Registration and Submission Steps

1. **Acquire a unique entity identifier (currently, a DUNS number).** In general, the Office of Management and Budget requires every applicant for a federal award (other than an individual) to include a "unique entity identifier" in each application, including an application for a supplemental award. Currently, a DUNS number is the required unique entity identifier. This unique entity identifier is used for tracking purposes, and to validate address and point of contact information for applicants, recipients, and subrecipients. It will be used throughout the life cycle of an OJP award. Obtaining a DUNS number is a free, one-time activity. Call Dun and Bradstreet at 866–705–5711 to obtain a DUNS number or apply online at https://www.dnb.com/. A DUNS number is usually received within 1-2 business days.

2. **Acquire or maintain registration with SAM.** Any applicant for an OJP award creating a new entity registration (or updating or renewing a registration) in SAM.gov must submit an original, signed notarized letter appointing the authorized Entity Administrator within thirty (30) days of the registration activation. Notarized letters must be submitted via U.S. Postal Service Mail. Read the Alert at sam.gov/SAM/ to learn more about what is required in the notarized letter, and read the Frequently Asked Questions (FAQs) at www.gsa.gov/samupdate to learn more about this process change. All applicants for OJP awards (other than individuals) must maintain current registrations in the SAM database. Applicants will need the authorizing official of the organization and an Employer Identification Number (EIN). Information about SAM registration procedures can be accessed at sam.gov/SAM/.

   An application cannot be successfully submitted in Grants.gov until Grants.gov receives the SAM registration information. Once the SAM registration/renewal is complete, the information transfer from SAM to Grants.gov can take as long as 48 hours. OJP recommends that the applicant register or renew registration with SAM as early as possible.

3. **Acquire an Authorized Organization Representative (AOR) and a Grants.gov username and password.** Complete the AOR profile on Grants.gov and create a username and password. An applicant entity’s "unique entity identifier" (DUNS number) must be used to complete this step. For more information about the registration process for organizations and other entities, go to https://www.grants.gov/web/grants/applicants/organizationregistration.html. Individuals registering with Grants.gov should go to https://www.grants.gov/web/grants/applicants/registration.html.

4. **Acquire confirmation for the AOR from the E-Business Point of Contact (E-Biz POC).** The E-Biz POC at the applicant organization must log into Grants.gov to confirm the applicant organization’s AOR. The E-Biz POC will need the Marketing Partner Identification Number (MPIN) password obtained when registering with SAM to complete this step. Note that an organization can have more than one AOR.

5. **Search for the funding opportunity on Grants.gov.** Use the following identifying information when searching for the funding opportunity on Grants.gov. The Catalog of
Federal Domestic Assistance (CFDA) number for this solicitation is 16.320, titled “Services for Trafficking Victims,” and the funding opportunity number is OVC-2019-15655.

6. Access Funding Opportunity and Application Package from Grants.gov. Select “Apply for Grants” under the “Applicants” column. Enter your email address to be notified of any changes to the opportunity package before the closing date. Click the Workspace icon to use Grants.gov Workspace.

Submit a valid application consistent with this solicitation by following the directions in Grants.gov. To preview the application prior to (or after) submitting, go to the View Application tab in Workspace. For additional information, review the View Application Tab help article and Attachments Tab help article. Within 24-48 hours after submitting the electronic application, the applicant should receive two notifications from Grants.gov. The first will confirm the receipt of the application. The second will state whether the application has been validated and successfully submitted, or whether it has been rejected due to errors, with an explanation. It is possible to first receive a message indicating that the application is received, and then receive a rejection notice a few minutes or hours later. Submitting an application well ahead of the deadline provides time to correct the problem(s) that caused the rejection. Important: OJP urges each applicant to submit its application at least 72 hours prior to the application due date, to allow time to receive validation messages or rejection notifications from Grants.gov, and to correct in a timely fashion any problems that may have caused a rejection notification. Applications must be successfully submitted through Grants.gov by 11:59 p.m. eastern time on June 27, 2019.

Go to https://www.grants.gov/web/grants/applicants/organization-registration.html for further details on DUNS numbers, SAM, and Grants.gov registration steps and timeframes.

Note: Application Versions
If an applicant submits multiple versions of the same application, OJP will review only the most recent system-validated version submitted.

Experiencing Unforeseen Grants.gov Technical Issues
An applicant that experiences unforeseen Grants.gov technical issues beyond its control that prevent it from submitting its application by the deadline must contact the Grants.gov Customer Support Hotline at https://www.grants.gov/web/grants/support.html or the SAM Help Desk (Federal Service Desk) at https://www.fsd.gov/fsd-gov/home.do to report the technical issue and receive a tracking number. The applicant must email the OVC contact identified in the Contact Information section on the title page within 24 hours after the application deadline to request approval to submit its application after the deadline. The applicant's email must describe the technical difficulties, and must include a timeline of the applicant’s submission efforts, the complete grant application, the applicant’s DUNS number, and any Grants.gov Help Desk or SAM tracking number(s).

Note: OJP does not automatically approve requests to submit a late application. After OJP reviews the applicant’s request, and contacts the Grants.gov or SAM Help Desks to verify the reported technical issues, OJP will inform the applicant whether the request to submit a late application has been approved or denied. If OJP determines that the untimely application submission was due to the applicant’s failure to follow all required procedures, OJP will deny the applicant's request to submit its application.
The following conditions generally are insufficient to justify late submissions:

- Failure to register in SAM or Grants.gov in sufficient time. (SAM registration and renewal can take as long as 10 business days to complete. The information transfer from SAM to Grants.gov can take up to 48 hours.)
- Failure to follow Grants.gov instructions on how to register and apply as posted on its website.
- Failure to follow each instruction in the OJP solicitation.
- Technical issues with the applicant’s computer or information technology environment, such as issues with firewalls or browser incompatibility.

Notifications regarding known technical problems with Grants.gov, if any, are posted at the top of the OJP Funding Resource Center at https://ojp.gov/funding/index.htm.

E. Application Review Information

Review Criteria
Applications that meet basic minimum requirements will be evaluated by peer reviewers using the following review criteria.

1. Statement of the Problem (15%)
2. Project Design and Implementation Plan (40%)
3. Capabilities and Competencies (20%)
4. Plan for Collecting the Data Required for this Solicitation’s Performance Measures (10%)
5. Budget (15%): complete, cost effective, and allowable (e.g., reasonable, allocable, and necessary for project activities). Budget narratives should demonstrate generally how applicants will maximize cost effectiveness of grant expenditures. Budget narratives should demonstrate cost effectiveness in relation to potential alternatives and the goals of the project.12

Review Process
OJP is committed to ensuring a fair and open process for making award. OVC reviews the application to make sure that the information presented is reasonable, understandable, measurable, achievable, and consistent with the solicitation.

Peer reviewers will review the applications submitted under this solicitation that meet basic minimum requirements. For purposes of assessing whether an application meets basic minimum requirements and should proceed to further consideration, OJP screens applications for compliance with those requirements. Although specific requirements may vary, the following are common requirements applicable to all solicitations for funding under OJP programs:

- The application must be submitted by an eligible type of applicant.
- The application must request funding within programmatic funding constraints (if applicable).
- The application must be responsive to the scope of the solicitation.

---

12 Generally speaking, a reasonable cost is a cost that, in its nature or amount, does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the costs.
• The application must include all items designated as “critical elements.”

For a list of the critical elements for this solicitation, see “What an Application Should Include” under Section D. Application and Submission Information.

Peer review panels will evaluate, score, and rate applications that meet basic minimum requirements. OVC may use internal peer reviewers, external peer reviewers, or a combination, to assess applications on technical merit using the solicitation’s review criteria. An internal reviewer is a current DOJ employee who is well-versed or has expertise in the subject matter of this solicitation. An external peer reviewer is an expert in the subject matter of a given solicitation who is not a current DOJ employee. Peer reviewers’ ratings and any resulting recommendations are advisory only, although reviewer views are considered carefully. Other important considerations for OVC include geographic diversity, strategic priorities, (specifically including, but not limited to, demonstrable potential enhancement to public safety in one or more federally designated Qualified Opportunity Zones), available funding, and the extent to which the Budget Detail Worksheet and Budget Narrative accurately explain project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant. Among other things to help assess whether an applicant that has one or more prior federal awards has a satisfactory record with respect to performance, integrity, and business ethics, OJP checks whether the applicant is listed in SAM as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed $250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the non-public segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, (FAPIIS)).

**Important note on FAPIIS:** An applicant, at its option, may review and comment on any information about itself that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider any such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant.

The evaluation of risks goes beyond information in SAM, however. OJP itself has in place a framework for evaluating risks posed by applicants for competitive awards. OJP takes into account information pertinent to matters such as—

1. Applicant financial stability and fiscal integrity,
2. Quality of the applicant’s management systems, and the applicant’s ability to meet prescribed management standards, including those outlined in the DOJ Grants Financial Guide,
3. Applicant's history of performance under OJP and other DOJ awards (including compliance with reporting requirements and award conditions), and awards from other federal agencies,
4. Reports and findings from audits of the applicant, including audits under the Part 200 Uniform Requirements, and
5. Applicant's ability to comply with statutory and regulatory requirements, and to effectively implement other award requirements.
**Note on applicants with a “high risk” designation:** Risks associated with DOJ High Risk Grantees, or applicants designated as “high risk” by a federal grant-making agency outside of DOJ, are taken into account during the review process, and each applicant with such “high risk” designations will be considered for funding on a case-by-case basis, depending on the nature and severity of the issues that led to the DOJ High Risk Grantee (or non-DOJ high risk) designation, status of progress in addressing corrective actions, and expected ability to manage grant funds and achieve grant goals and objectives. A “high risk” designated applicant is to submit disclosure and justification documentation consistent with the requirements specified, above, under “What an Application Should Include” in Section D. Application and Submission Information.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may take into account not only peer review ratings and OVC recommendations, but also other factors as indicated in this section.

**F. Federal Award Administration Information**

**Federal Award Notices**

Award notifications will be made by September 30, 2019. OJP sends award notifications by email through GMS to the individuals listed in the application as the point of contact and the authorizing official (E-Biz POC and AOR). The email notification includes detailed instructions on how to access and view the award documents, and steps to take in GMS to start the award acceptance process. GMS automatically issues the notifications at 9:00 p.m. eastern time on the award date.

For each successful applicant, an individual with the necessary authority to bind the applicant will be required to log in; execute a set of legal certifications and a set of legal assurances; designate a financial point of contact; thoroughly review the award, including all award conditions; and sign and accept the award. The award acceptance process requires a physical signature on the award document by the authorized representative. The fully-executed award document must then be scanned and submitted to OJP.

**Administrative, National Policy, and Other Legal Requirements**

If selected for funding, in addition to implementing the funded project consistent with the OJP approved application, the recipient must comply with all award conditions, and all applicable requirements of federal statutes and regulations (including applicable requirements referred to in the assurances and certifications executed in connection with award acceptance). OJP strongly encourages prospective applicants to review information on post-award legal requirements and common OJP award conditions prior to submitting an application.

Applicants should consult the “Overview of Legal Requirements Generally Applicable to OJP Grants and Cooperative Agreements - FY 2018 Awards,” available in the OJP Funding Resource Center at [https://ojp.gov/funding/index.htm](https://ojp.gov/funding/index.htm). In addition, applicants should examine the following two legal documents, as each successful applicant must execute both documents before it may receive any award funds. (An applicant is not required to submit these documents as part of an application.)

- Certifications Regarding Lobbying; Debarment, Suspension and Other Responsibility Matters; and Drug-Free Workplace Requirements
Certified Standard Assurances

The webpages accessible through the “Overview of Legal Requirements Generally Applicable to OJP Grants and Cooperative Agreements - FY 2018 Awards” are intended to give applicants for OJP awards a general overview of important statutes, regulations, and award conditions that apply to many (or in some cases, all) OJP grants and cooperative agreements awarded in FY 2019. Individual OJP awards typically also will include additional award conditions. Those additional conditions may relate to the particular statute, program, or solicitation under which the award is made; to the substance of the funded application; to the recipient's performance under other federal awards; to the recipient's legal status (e.g., as a for-profit entity); or to other pertinent considerations.

Awards will include a condition (the specific terms of which will govern the award) related to verification of employment eligibility. The condition will, generally speaking, require the recipient (and any subrecipient) that accepts the award to verify the employment eligibility of any individual hired under the award, consonant with 8 U.S.C. § 1324a(a)(1).

Awards will include a condition (the specific terms of which will govern the award) related to competition requirements set forth at 2 C.F.R. § 200.319. The condition will, generally speaking, prohibit recipients (and any subrecipients) from procuring goods and services with award funds by means of any competition that disadvantages or excludes vendors on the basis of their having (or their having had) a prior or existing contractual relationship with the federal government.

OJP will include as appropriate an award condition (the specific terms of which will govern the award) requiring recipients of OJP grant funding that will support projects that involve or serve minors under the age of 18 to develop and implement written screening procedures (consistent with pertinent federal, state, and local law) for individuals who will interact in a staff or volunteer capacity with minors involved in the grant-funded programs.

As stated above, OVC expects that it will make any award under this solicitation in the form of a cooperative agreement. Cooperative agreements include a condition in the award document that sets out the nature of the “substantial federal involvement” in carrying out the award and program. Generally stated, under OJP cooperative agreement awards, responsibility for the day-to-day conduct of the funded project rests with the recipient. OJP, however, may have substantial involvement in matters such as substantive coordination of technical efforts and site selection, as well as review and approval of project work plans, research designs, data collection instruments, and major project-generated materials. In addition, OJP often indicates in the award terms and conditions that it may redirect the project if necessary.

In addition to an award condition that sets out the nature of the anticipated “substantial federal involvement” in the award, cooperative agreements awarded by OJP include an award condition that requires specific reporting in connection with conferences, meetings, retreats, seminars, symposia, training activities, or similar events funded under the award.

General Information about Post-Federal Award Reporting Requirements
In addition to the deliverables described in Section A. Program Description, any recipient of an award under this solicitation will be required to submit the following reports and data.
Required reports. Recipients typically must submit quarterly financial reports, semiannual progress reports, final financial and progress reports, and, if applicable, an annual audit report in accordance with the Part 200 Uniform Requirements or specific award conditions. Future awards and fund drawdowns may be withheld if reports are delinquent. (In appropriate cases, OJP may require additional reports.)

Awards that exceed $500,000 will include an additional condition that, under specific circumstances, will require the recipient to report (to FAPIIS) information on civil, criminal, and administrative proceedings connected with (or connected to the performance of) either the OJP award or any other grant, cooperative agreement, or procurement contract from the federal government. Additional information on this reporting requirement appears in the text of the award condition posted on the OJP webpage at https://ojp.gov/funding/FAPIIS.htm.

Data on performance measures. In addition to required reports, each award recipient also must provide data that measure the results of the work done under the award. To demonstrate program progress and success, and to assist DOJ in fulfilling its responsibilities under the Government Performance and Results Act of 1993 (GPRA), Public Law 103–62, and the GPRA Modernization Act of 2010, Public Law 111–352, OJP will require any award recipient, post award, to provide performance data as part of regular progress reporting. Successful applicants will be required to access OJP’s performance measurement page at www.ojp.gov/performance for an overview of performance measurement activities at OJP. Performance measures for this program are listed as Appendix A.

G. Federal Awarding Agency Contact(s)

For OJP contact(s), see page 2.

For contact information for Grants.gov, see page 2.

H. Other Information

Freedom of Information Act and Privacy Act (5 U.S.C. §§ 552 and 552a)
All applications submitted to OJP (including all attachments to applications) are subject to the federal Freedom of Information Act (FOIA) and to the Privacy Act. By law, DOJ may withhold information that is responsive to a request pursuant to FOIA if DOJ determines that the responsive information either is protected under the Privacy Act or falls within the scope of one of nine statutory exemptions under FOIA. DOJ cannot agree in advance of a request pursuant to FOIA not to release some or all portions of an application.

In its review of records that are responsive to a FOIA request, OJP will withhold information in those records that plainly falls within the scope of the Privacy Act or one of the statutory exemptions under FOIA. (Some examples include certain types of information in budgets, and names and contact information for project staff other than certain key personnel.) In appropriate circumstances, OJP will request the views of the applicant/recipient that submitted a responsive document.

For example, if OJP receives a request pursuant to FOIA for an application submitted by a nonprofit or for-profit organization or an institution of higher education, or for an application that involves research, OJP typically will contact the applicant/recipient that submitted the application and ask it to identify—quite precisely—any particular information in the application
that the applicant/recipient believes falls under a FOIA exemption, the specific exemption it believes applies, and why. After considering the submission by the applicant/recipient, OJP makes an independent assessment regarding withholding information. OJP generally follows a similar process for requests pursuant to FOIA for applications that may contain law enforcement sensitive information.

**Provide Feedback to OJP**
To assist OJP in improving its application and award processes, OJP encourages applicants to provide feedback on this solicitation, the application submission process, and/or the application review process. Provide feedback to OJPSolicitationFeedback@usdoj.gov.

**IMPORTANT:** This email is for feedback and suggestions only. OJP does not reply from this mailbox to messages it receives in this mailbox. Any prospective applicant that has specific questions on any program or technical aspect of the solicitation must use the appropriate telephone number or email listed on the front of this document to obtain information. These contacts are provided to help ensure that prospective applicants can directly reach an individual who can address specific questions in a timely manner.

If you are interested in being a reviewer for other OJP grant applications, please email your resume to ojpprsupport@usdoj.gov. (Do not send your resume to the OJP Solicitation Feedback email account.) Note: Neither you nor anyone else from your organization or entity can be a peer reviewer in a competition in which you or your organization/entity has submitted an application.
## Appendix A: Performance Measures Table

<table>
<thead>
<tr>
<th>Objective</th>
<th>Performance Measure(s)</th>
<th>Data Grantee Provides</th>
</tr>
</thead>
<tbody>
<tr>
<td>To support the victim services field’s response to victims of human trafficking and to bridge gaps in service provision.</td>
<td>Percentage of NEW trafficking victims served</td>
<td>Number of NEW trafficking victims served for the first time during the performance period, broken down by the type of trafficking (sex, labor, or both sex and labor).*</td>
</tr>
<tr>
<td></td>
<td>Number of victim services provided.</td>
<td>Total number of trafficking victims served during the performance period. This includes NEW clients and existing clients served during the performance period.*</td>
</tr>
<tr>
<td></td>

Appendix B: Application Checklist

OVCFY 2019 Field-Generated Innovations in Assistance to Victims of Human Trafficking

This application checklist has been created as an aid in developing an application.

What an Applicant Should Do:

Prior to Registering in Grants.gov:
- Acquire a DUNS Number (see page 28)
- Acquire or renew registration with SAM (see page 28)

To Register with Grants.gov:
- Acquire AOR and Grants.gov username/password (see page 29)
- Acquire AOR confirmation from the E-Biz POC (see page 29)

To Find Funding Opportunity:
- Search for the Funding Opportunity on Grants.gov (see page 29)
- Select the correct Competition ID (see page 29)
- Access Funding Opportunity and Application Package (see page 30)
- Sign up for Grants.gov email notifications (optional) (see page 27)
- Read Important Notice: Applying for Grants in Grants.gov
- Read OJP policy and guidance on conference approval, planning, and reporting available at ojp.gov/financialguide/DOJ/PostawardRequirements/chapter3.10a.htm (see page 11)

After Application Submission, Receive Grants.gov Email Notifications That:
- (1) application has been received,
- (2) application has either been successfully validated or rejected with errors (see page 30)

If No Grants.gov Receipt, and Validation or Error Notifications are Received:
- contact OVC's NCJRS Response Center regarding experiencing technical difficulties (see page 2)

Overview of Post-Award Legal Requirements:

Scope Requirement:
- The federal amount requested is within the allowable limit(s) of up to $900,000.

Eligibility Requirement: For eligibility information, see the title page.

What an Application Should Include:
- Application for Federal Assistance (SF-424) (see page 12)
- Articles of Incorporation or 501(c)(3) Status Documentation * (see page 13)
- Project Abstract (see page 13)
☐ Program Narrative* (see page 13)
  ☐ Statement of the Problem (see page 14)
  ☐ Project Design and Implementation Plan (see page 14)
  ☐ Capabilities and Competencies (see page 15)
  ☐ Plan for Collecting the Data Required for this Solicitation’s Performance Measures (see page 15)

☐ Budget Detail Worksheet (including the Narrative) * (see page 16)

☐ Information on Proposed Subawards and/or Proposed Procurement Contracts (if applicable) (see page 18)

☐ Indirect Cost Rate Agreement (if applicable) (see page 20)

☐ Financial Management and System of Internal Controls Questionnaire (see page 20)

☐ Disclosure of Lobbying Activities (SF-LLL) (see page 21)

☐ Applicant Disclosure of Pending Applications (see page 21)

☐ Applicant Disclosure and Justification – DOJ High Risk Grantees (see page 22)

☐ Additional Attachments
  ☐ Research and Evaluation Independence and Integrity (see page 23)
  ☐ Disclosure of Process Related to Executive Compensation (see page 25)
  ☐ Project Timeline (see page 26)
  ☐ MOUs, Letters of Intent, and/or Subcontracts/Subgrants (see page 26)
  ☐ Position Descriptions and Resumes (see page 26)
  ☐ Privacy Certificate (see page 26)
  ☐ Documentation of Anticipated Benefit to Qualified Opportunity Zones (see page 27)

☐ Request and Justification for Employee Compensation; Waiver (if applicable) (see page 11)

*Denotes critical elements, as indicated in “What an Application Should Include” under Section D. Application and Submission Information.
