Developing Future Victim Specialists to Serve American Indian/Alaska Native Victims of Crime
CFDA # 16.582

A. Program Description

Overview
This program will develop a workforce of direct victim service providers to American Indian and Alaska Native (AI/AN) victims of crime in hard-to-staff positions and locations. By identifying and training prospective victim service professionals in, or from, the communities to be served, tribal and Bureau of Indian Affairs’ (BIA) victim service programs will be better able to fill direct victim service positions in remote Indian Country and Alaska Native locations, and in turn ensure that victims in these locations get the services they need.

Statutory Authority: This program is authorized by 34 U.S.C. § 20103(c)(1)(B) and 34 U.S.C. § 20103(c)(3)(E)(i).

Program-Specific Information
OVC anticipates that it will make awards under two purpose areas, as follows:

- Purpose Area 1—Recruiting Interns/Residents to Serve Tribal Victims in the Continental United States (Competition ID OVC-2020-17933)
- Purpose Area 2—Recruiting Interns/Residents to Serve Tribal Victims in Alaska (Competition ID OVC-2020-17934)

Programs that recruit and place interns that speak Alaskan Native languages will receive priority.

Goals, Objectives, and Deliverables
The primary goal of this project is to develop victim service professionals that will provide direct victim services to AI/AN victims in locations that are remote and where positions are hard to fill. This will be accomplished by engaging interested individuals, including college and university students, who are from, or live and attend school in, these areas.

Objectives include the following:

1. Establish and administer a structured program that links individuals interested in victim service careers to internship or residency opportunities with either a BIA- or tribally run victim services program. Applicants may include incentives for participants, including, but not limited to, a stipend, course credit, or priority consideration for future employment opportunities.
2. Provide supervision and training to participants in the program by experienced victim service professionals.
3. Establish baseline data for performance metrics and a data collection process to support an assessment of this initiative.
Successful applicants will be expected to complete the following activities to accomplish the above objectives:

1. Demonstrate the existence of a relationship between a tribal victim service program and an organization, such as a university program or tribal coalition, that will refer, train, and supervise individuals interested in paid victim services internships or residencies in AI/AN communities.

2. Identify victim service program staffing needs, and determine how victim service internships/residencies would address these needs, the number of internships/residencies necessary, and job descriptions for the participants.

3. Develop a list of selection criteria that participants must meet to be selected as victim service interns/residents.

4. Determine the program requirements a participant must meet to successfully complete the program.

5. Identify, recruit, and hire individuals that meet the necessary criteria.

6. Provide training and other necessary support, including safety planning, to interns/residents. Training and support needs will be identified by the grantee.

7. Work with OVC, or an OVC designee, to measure the success of the program by assessing the impact that the participants have had on the victim services program and the community served, and the number of participants who pursue (or plan to pursue) a career in providing victim services for tribal communities after completion of the internship/residency.

The goals, objectives, and deliverables are directly related to the performance measures that demonstrate the results of the work completed, as discussed under What an Application Should Include.

**Evidence-Based Programs or Practices**

OJP strongly emphasizes the use of data and evidence in policy making and program development in criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices, see the OJP Grant Application Resource Guide.

**Information Regarding Potential Evaluation of Programs and Activities**

Applicants should note OJP may conduct or support an evaluation of the programs and activities funded under this solicitation. For additional information, see the OJP Grant Application Resource Guide section, entitled, “Information Regarding Potential Evaluation of Programs and Activities.”

**B. Federal Award Information**

Estimated maximum dollar amount of each award: $450,000

Total amount anticipated to be awarded under solicitation: $3.6 million

Period of Performance start date: October 1, 2020

Period of Performance duration: 36 months

OVC may, in certain cases, provide additional funding in future years to awards made under this solicitation, through continuation awards. OJP will consider, among other factors, OJP’s strategic priorities, a recipient’s overall management of the award, and progress of award-funded work, when making continuation award decisions.
Under this solicitation, only one application by any particular applicant entity will be considered. An entity may, however, be proposed as a subrecipient (subgrantee) in more than one application.

OVC may elect to fund applications submitted under this FY 2020 solicitation in future fiscal years, dependent on, among other considerations, the merit of the applications and on the availability of appropriations.

All awards are subject to the availability of appropriated funds and to any modifications or additional requirements that may be imposed by law.

What an Application Should Include
The following application elements MUST be included in the application submission for an application to meet the basic minimum requirements to advance to peer review and receive consideration for funding: Program Narrative, Budget Detail Worksheet, and Budget Narrative. See the “Application Elements and Formatting Instructions” section of the OJP Grant Application Resource Guide for information on what happens to an application that does not contain all the specified elements, or that is nonresponsive to the scope of the solicitation.

1. Application for Federal Assistance (Standard Form (SF)-424)
The SF-424 is a required standard form used as a cover sheet for submission of pre-applications, applications, and related information. See the OJP Grant Application Resource Guide for additional information on completing the SF-424.

Intergovernmental Review: This solicitation (“funding opportunity”) is not subject to Executive Order 12372. (In completing the SF-424, an applicant is to answer question 19 by selecting the response that the “Program is not covered by E.O. 12372.”)

b. Program Goals and Objectives/Program Design and Implementation Plan
   Applicants must provide a coherent, concise, comprehensive plan describing how the proposed program will be implemented, including—
i. detailed goals and objectives that will be completed during the 36-month award period that align with the project goals and objectives outlined on pages 4–5, and

ii. a detailed, 36-month project timeline (see page 9).

c. **Capabilities and Competencies**

Applicants must describe their experience working with tribal governments and tribal organizations and an understanding of cultural sensitivity in working with tribal populations.

d. **Plan for Collecting the Data Required for this Solicitation’s Performance Measures**

OJP will require each successful applicant to submit regular performance data that demonstrate the results of the work carried out under the award. The performance data directly relate to the goals, objectives, and deliverables identified under "Goals, Objectives, and Deliverables" in Section A, Program Description. Performance data collected may be modified in consultation with the grantee, as part of the grantee’s participation in the program assessment, referenced above.

Applicants should visit OJP’s performance measurement page at www.ojp.gov/performance for an overview of performance measurement activities at OJP.

The application should describe the applicant's plan for collection of all of the performance measures data listed in Appendix A, should it receive funding.

The application should demonstrate the applicant’s understanding of the performance data reporting requirements for this grant program and detail how the applicant will gather the required data should it receive funding.

Please note that applicants are **not** required to submit performance data with the application. Performance measures information is included as an alert that successful applicants will be required to submit performance data as part of the reporting requirements under an award.

In addition, if OJP anticipates that an award will exceed $250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the non-public segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

Important note on FAPIIS: An applicant, at its option, may review and comment on any information about itself that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider any such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant.

3 Generally speaking, a reasonable cost is a cost that, in its nature or amount, does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the costs.
Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may take into account not only peer review ratings and OVC recommendations, but also other factors as indicated in this section.
