

**Overview:** The OVC PMT is a Web-based reporting system where Vision 21 grantees can electronically submit quantitative and qualitative program performance data. Performance measures are developed to collect meaningful data so that grantees can show the progress they have made toward meeting OVC program goals and objectives. Grantees report quantitative data quarterly, or every 3 months following the Federal fiscal year, and report qualitative (narrative) data semiannually. After completing data entry in the PMT for two quarters, grantees must create a semiannual performance report in the PMT and upload it as an attachment to their annual progress reports in the Grants Management System (GMS) in January and July of each year.

*A grantee is the direct recipient of funds from OVC. A subgrantee receives federal award funds from the grantee. All subgrantee data should be reported in the narrative questions.*

### Data Entry Steps

1. Log in, and select **OVC PMT**. *If you do not have an assigned PMT login, contact the OVC PMT Help Desk.*

### Information and Resources

Helpful information and user materials are available on the PMT's *Need Help* page, including the following:

- [User Guides](#) for navigation
- [Performance Measures](#) for data entry
- [Frequently Asked Questions \(FAQs\)](#)
- [Recorded Webinar Trainings](#)

Training is scheduled throughout the year to help familiarize users with the performance measures and PMT system's data collection process. Those indicated as the grantee points-of-contact (POCs) receive e-mail notifications about training, measures and system updates, and reporting reminders.
