

Sample Pre- and Post-Tests

Victim Service Providers: Pre- and Post-Test

Agency: _____

1. True or False

Rates of nonfatal violent crime against persons with disabilities are two times higher than rates for persons without disabilities.

2. True or False

People-first language refers to the practice of identifying the person first and then the situation or the disability.

3. What is one difference that occurs when an individual with a disability is abused, compared to abuse against someone who does not have a disability?

4. True or False

The Americans with Disabilities Act requires that sexual assault, domestic violence, and protective services agencies make reasonable modifications to ensure that abuse survivors with disabilities have access to core services.

5. In our state, who is required to report abuse against individuals with disabilities? What agency do you contact to make a report?

Thank you for your participation!
